## THE TRUE WAY TO RECOVER

HEALTH. An individual only wishes to know the right way to pursue it; and there are none, were it surely made known how Life might be prolonged and ingsfor the patent office prepared. Health recovered, who would not doubt the plan.-Evidence is required that the right way is discovered This is what those suffering from sickness want to be satisfied about. For who is so foolish as not thenjoy all the health that his body is capable of? Who is there that would not live when his experience can so Office corner Smithfield and Third streets, Pittsburgh much benefit himself and family! It is a melancholy my 25-v fact that a very large proportion of the most useful members of society die between the ages of thirty and forty. How many widows and helpless orphans have been the consequence of mandkind not having in their own power the means of restoring health when lost. Now all these dangers and difficulties can be prevented and the long and certain sickness, and by assisting nature in the outset, with a good dose of Brandreth's Pills. This is a fact, well understood to be so by thousands of our citizens. This medicine, if taken so as to purge freely, will surely cure any curable disease.-There is no form or kind of sickness that it does not exert a curative influence upon. Thus, by their power in resisting putrefaction, they cure measles, small pox, worms and all contageous fevers. There is not a medicine in the world so able to purify the mass of blood, and restore it to a healthy condition, as the

The Brandreth Pills are purely vegetable, and so innocent that the infant of a month old may use them, if medicine is required, not only with safety but with a certainty of receiving all the benefit medicine is capablo of imparting. Femules may use them in all the crit-cal periods of their lives. The Brandreth Pitts will insure their health, and produce regularity in all the functions of life.

The same may be said of Brandreth's external remedy, as an outward application to all external pains or swellings, or sores, it greatly assists the cure. -When used where the skin is very tender or broken, it should be mixed with one or two pints of water. A sure test of genuine Brands eth Pills.—Examine the box of Pills. Then look at the certificate of agency, whose engraved date must be within the year labels on the box agree with the three labels on the certificate, the Pills are true—if not, they are false.
Principal office, 241 Broadway, New York.

IMPORTANT FACTS. DR. LEIDY'S Sarsaparilla Blood Pills are applicable in all cases, whether for Purgatives or Pu rification. They possess all the boasted virtues of other pills, and are additionally efficacious, containing Sarsaparilla in their composition, which is not contain ed in any other pills in existence. They are also different from other pills in composition, being purely vegetable, and can be employed at all times, without any danger, and requiring no restraint from occupation

Notwithstanding Dr. Leidy never pretended his Blood Pills would cure all diseases, yet it is not saying too much of them, from the innumerable cures performed by them in every variety and form of disease (certificates of many of which have been published from persons of all denominations, physicians, clergymen, and others) that they seem to be almost universal in their effect; and persons using them for whatever sickness or disease, may rest assured that they will be found more efficacious than any other pills in existence. From the known reputation of Dr. Leidy's Blood Pill, it is necessary to remind the public where they can at all times procure the genuine, as it is attempted to impose other pills, called the 'Blood Pills' upon the public on the reputation of Dr. Leidy's. Be particular and ask for Dr. Leidy's Sarsaparilla Blood Pills and see that the name of N. B. Leidy is contained on two sides of each box, (the boxes being of paper, and sale at this office. oblong, square shape, surrounded by a yellow and black

Every attention willbe paid to furnishing COFFINS, and the Moro castle not having always proved impregnable. But Texas, our own, and in the possession the I rave and practiced marksmen of the West, would be a position where, against all attacks from the rear, COMMISSION & FORWARDING MERCHANT, every inch of ground would be fiercely contested, and every advance would be inarked by the blood of the invader, and if New Orleans should be invaded in other directions, our countrymen in Texas, over whom would then float the flag of the Union, would rush to the rescue of their own great city, and, uniting with their brethren in arms from other States of the same the country.
