THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE _TAU class of individuals is very nuncrous. They are those who work in an unleastify atmosphere. Printers, a ork men in feather stores, stone cutters, bakers, white lead manufacturers, are all more or less subject to disease ar-cording to the strength of their constitution. The only method to prevent disease, is the occasional use of medicine which abstracts from the circulator, all delerrious humors, and expels them by the howels. Tonirs in any form are injurious, as they only put off the eviday to make it more faint. Ab'h'm M'Cleian,Sullivan County, East Tennessee, Member of Congress Washington, July 3d, 1938. Sir_Since I have been in this city I have used some of faction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Carden, of Campbell county Tennessee, wrote to me to send bim some, which I die and he has employed it very successfully in his practice and says it is invaluable. Mr. Johnson, your agent at his place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennes-see, or by land to Graham & Houston, Taxwell, East Tennessee. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of medi-cine would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to lear from you whether you would: like an agent at Bluntville, Sullivan County, East Tennessee; I can get

me of the merchants to act for you as I live mear there Yours respectfully, ABRAHAM M'CLELLAN, of Tennemon. For sale Wholesale and Retail, by
