> Annexation Mazting .- The following preamble and resolutions were adopted at the Meeting of the friends of annexation, held at the Washington Hotel

WHEREAS, we have heard with feelings of appropation and satisfaction, the gratifying intelligence, that the treaty providing for the re-amexation of Texas to the United States, has at length been submitted to the Senate, and being auxiously desirous for the confirmafinest and most favored portions of our territory, and considering it as we'de, a measure of great national moment and concern, one in which the interests of the people in this manufacturing district are most especially involved; we have therefore met without distinction of party, to half the cheering prospect that is now before us, to declare our honest and firm convictions, and to urgaupon our Senators and Represent ictions, and to urgaupon our Senators and Represenmives, vigilance and activity, that they may secure, ere it be too late, the vast and fertile territory, which s now offered to complete our boundaries, fo tity and trengthen our southern frontier, and which will present an insurmountable barrier to the luvasion of a for-
