Recry thing relating to the Jowish people, so remurkable for their populiar calamities, being of interest, we subjet a notice of their present numerical force, taken from a letter from M. Noah, of New York, in reply to an arricle in the Boston Mercantil rnal, stating the total number of Jews to be 3,163, 700, and that their number had never materially varied from the time of David downwards. Mr. N. after MERCHANT TAILOR, considerable pains to arrive at something like accura cy, and depending upon estimates as fur as relates to Asia and Africa, puts down the whole at about six and a half millions, located as follows: Ancient Pe-And before the partition of 1772, 1,000,000 Russia, comprehending Woldavia and Wallachia, 200. 000. "In 1839, JAMES K. POLK, ONE OF THE KERS IN THE SOUTH WEST, took the field as ces are to suit the times. His goods are all made by the administration (Van Buren) candidate for Governor; and, after a canvass of unprecedented vehemence in which he proved kimself an overmatch both in speaking talent, and in personal address and popularity, for his opponent Governor Cannon, he was elected by some twenty-five hundred majority. This same Mr Greely is now engaged in the very laudable effort of proving that Mr Polk is a "fifth

rate man," wholly unfit for the Presidency. Recollect, too, that Gov. Polk and Mr Clay are near neighbors in the Southwest, and that Mr Greely did place the former one inch behind the latter, but described him as "one of the ABLEST men and MOST POWERFUL speakers" in that section of the Union .-This language is quite as strong as that used by "honest" John Banks in his letter of resignation.
