FRIDAY MORNING, JULY 26, 1844.

PITTSBURGH BOARD OF TRADE.

COMMITTEE FOR JULY.

Josiah King, J. Carothers, W. J. Howard.

PITT TOWNSHIP DEMOCRATIC MEETING.

The Democrats of Pitt township are hereby invited to attend a meeting on Saturday the 27th inst., at the house of Mr. Jos. SCHMIDT at the evening at 7 o'clock, for the purpose of organizing a young Hickory Club.

MANY DEMOCRATS.

On our outside form will be found a bad state of affairs in Canada—'Bank of England'—'Affecting Incident'—'John Bull and Brother Jonathan,' and Poetry.

JAMES DUNLOP and the late Ward Brass Band.

was announced as the attraction at a whig meeting in Allegheny last night. What 'blowing' there must have been there, is a whig—but H. BOLLMAN, the untariffed abolitionist, is the man we alluded to, and he will never vote for CLAY.

In giving our list of seconds from Clifton, we give H. L. BOLLMAN.

It should have been H. BOLLMAN—H. L. BOLLMAN is yet a whig—but H. BOLLMAN, the untariffed abolitionist, is the man we alluded to, and he will never vote for CLAY.

JOHN ALCANTARA and several of his neighbors in Bloomsfield, Jefferson Co., Ohio, have renounced whiggery.

John was always a whig until this election.

MEDICATED VAPOR BATHS.—We would call public attention to the advertisement of Messrs. BLACK & FRANKLIN'S Medicated Vapor Baths, published in our paper this morning.

They have been in operation in this city for a few weeks, and already the proprietors exhibit certificates of cures effected in cases where every other course of treatment failed to give any relief. On inquiry, we were referred to two cases, one of the drooping, the other a very aggravated cutaneous disease, in which the patients were referred to a healthy condition a few days after they took the Baths. They have been in use in Europe and portions of the United States for many years past, and in almost every form of disease which mankind is afflicted, they have effected cures.

GRANT'S STAR CANDLES.—Having made trial and comparison of these Candles, with the best of Spain, we are free to recommend them, as giving as much light as Spanish Candles, and one of them will burn longer than a conventional candle of the same size. When, in addition to these facts, the manufacturer offers to sell them one-third cheaper than the foreign article, we think the friends of home industry and true economy will not neglect to call on Mr. Gwynne for "more light" when they require it.

A NOBLE ACT.—Yesterday in the afternoon, three boys went out into the Allegheny River, in a skiff, to bathe. When some distance from the shore, one of them stripped and jumped in, but did not rise to the surface again. His companions became alarmed, and after some time, they returned to the shore, and found that it was some monomaniac before their collected attention. At length, however, several persons collected on the shore, but merely looked on without appearing to be able to do any thing to save the boy. While they stood in doubt and apathy, a man came running down the bank, and with admirable speed, and with admirable precision of mind, jumped into a skiff, and rowed out to where the boat from which the boy had leaped from was fastened. The two lads that were in it, pointed out as near as they could the place their companion had sunk, and then without waiting to take off his hat, the noble-hearted fellow plunged into the river, and after remaining under water until several minutes had elapsed, he came to the surface bringing the rescued boy with him. The boy was under water about 15 minutes, but was soon restored by the proper appliances. The name of the hero who did this noble act deserves to be written in letters of gold: it is LARRY CALVERT, of Allegheny city. His courage, promptness, and presence of mind, are worthy of all emulation.
