Its inexpediency and injustice can only be proved by its repeals because the majority have power to repeal, and so long as any law remains, it is evidence that the majority are satisfied with it. We can prove our regard for pulplic order only by submission, until we can procure a repeal in an orderly way. A contrary doctrine would justify all infractions of law, all anarchy, all rebellion, No matter from what source the infraction of the law mes, whether from the conduct of a private citizen. or of a public officer, it must be met and repelled at the threshold. It is not sanctified because done under the approbation of great names, or even under the form and ocremonial of law.

Mr Clay, in his Raleigh speech, refers to our disregard for public order in the case of "the broad seal of New Jersey." As I understand that case, the people of New Jersey elected Democratic members of Congress by a clear majority; but the election officer of one of the districts, who was of your party, in order to defeat the people's will, withheld the returns, and this left a Whig majority. The Governor of New Jersey, knowing of this fraud, certified under a broad seal, that the Whigs were elected; and with this certificate in their hands, the Whigs claimed their seats. hould be had, and the investigation resulted in full proof that the democrats were duly elected. This instance appears to me to show, that not a few Democratic partizans or plain citizens had disregarded the laws, but that whig officers, a whig Governor, and a whole whig Congruss, had united together to defeat the great Democratic law, that the majority must rule.

Another instance of the same character might have been referred to by Mr Clay. It is much more notorious, but I suppose it did not suit his purpose so well, You will-understand me, when I name "the buckshot war." In that case the Democratic members of the legislature of Pennsylvania from Philadelphia county stick, 64 cents; five sticks for 25 cents; and at wholesale by Wm. Thorn, Druggist, 53, Market street, where a large number of whig return judges, and the neralassortment of Drugs and Medicines may always whole Whig portion of the Legislature attempted to give to the minority men a right to sit. Here was cheating by whig election officers, and the whig lovernor and whig legislature would have sanctioned the cheat and given it full effect, and they went so far as to surround themselves with all the terrors of military array, in order to carry their point. They would have sacrificed the letter and spirit of the great Democratic luw, to the little technicalities of form.-This is another instance of Whig disregard for order. l know of no respectable man now, that has the bardihood to justify their course.

When the banks throughout the country trampled upon the moral obligation of their promises, and the legal obligation of their charters, and refused to pay their notes or deposites, which party showed its disregard for the law of the land and the good order of society? Iknow that there were Democratic as well as Whig stockholders. But everybody knows that the great mass of bank men and bank owners are whigs. And every body knows that it was the whig FLE BARRELS AND GUN TRIMMINGS, party that sustained the banks in their disregard for PLANES, COOPERS, CARPENTERS AND their moral and legal obligations, and attempted to process, to pay their debts, the banks, by their own ower, and by the aid of the whole whig party, were ble to disregard all law and all justice. This is another instance of whig regard for order. But I refer to one other. During the suspension, the

whigs over the whole country, denounced the govern-ment as a set of tyrants, and even threatened rebellion, because the president would not disregard the law of the land and his own official oath, and permit the dues of the government to be paid in dishonor dues of the government to be paid in disbonored reg-money, though the law required that they should be paid in specie, or in bank notes of specie paying banks, The whigs would have approved the course of the president, if he had disregarded the law and his oath; but as he adhered to buth, he was reviled as a tyrant, and Mr Abbet Lawrence, a distinguished Whig member of ongress, declared that "there is no people on the face of God's earth, so abused, cheated, plundered, United States," and it was resolved, at an immense BAR as is kept in the western country. The choicest wines and best of stronger liquors will always be kept resisted, "peaceably if possible, forcibly if necessary, at store, for the accommodation of those who may fa- any rate that it should at all hazards be resisted."
