THE AMERICAN CHARGES THAT A LARGE PORTION OF THE DELEGATES TO THE DEMOCRATIC CONVENTION WERE GATHERED FROM THE GREAT WORKSHOPS.

The American charges that a large portion of the delegates to the Democratic Convention were gathered from the great workshops, are not without foundation. We have no doubt but a large number of them were, and we are proud to know that the honest workmen in the "brickyards and workshops" are rallying to the support of democratic principles.

Who protects the American mechanic?—Some years since, the Shoemakers of Newark were prosecuted, and the Hosiery Manufacturers of Lowell, now why candidates for Vice Presidency, are practicing lawyers, volunteered his services, and labored hard before a Court of Justice, to convict them criminally as rioters and conspirators.

HERE IS THE MAINE COON

His is an 'fat and sleek as Clay's slaves, and 'heavily as Rock,' and is perfectly rampant with success.

Comment upon this poor, miserable creature is unnecessary. His forlorn condition may be seen in his prominent bones. The reason will appear below.

Table with columns: County, 1844, 1840. Includes entries for Adams, Berks, Bucks, etc.

Final Result in Maine. The Postal Office of Monday morning, for fishes returns from the entire State of the vote for the gubernatorial candidates, though the result of the vote for a Representative in the fourth Congressional district is not yet ascertained.

CANCER, SCROFULA, AND OBSTINATE DISEASES OF THE SKIN CURED BY DR. WHITMAN'S VAPOUR BATH AND MEDICINE.

INSTITUTIONS for the cure of the above diseases have been in operation for the last twenty years in the principal cities of Europe, also in New York and Charleston, South Carolina, reports of cures composed of the most respectable citizens in the different places where the Baths are established can be seen at our office, that will show that these diseases which have heretofore been considered incurable have almost invariably yielded under the peculiar treatment of Dr. Whitman.

THE following is an extract from a report published by the Institution at New York, showing the efficacy of the Baths when all other remedies had failed: "Rheumatic, syphilitic and gony cures, attended with ulcers, blanches and eruptions of the skin, particularly when originating from the improper use of opium, Mercurial, salicylate, salicylate, erysipelas, pimply face, dry scurf, ring worm, tetters and all other heretofore unmanageable diseases of the skin, scrofulous diseases are relieved and cured; a much shorter period and with more certainty than any other mode of treatment ever employed."
