CANCER, SCROFULA, AND OBSTINATE DISEASES OF THE NSTITUTIONS for the cure of the above diseases

have been in operation for the last twenty years in the principal cities of Europe, also in New York and Charlestn, South Carolina; reports of committee composed of the most respectable citizens in the differ ent places where the Baths are established can be n at our office, that will show that these diseases which have heretofore been considered incurable have almost invariably yielded under the peculiar treatment of Dr Whitlaw. The results which have been produced during the short time the Baths have been in operation n this city, we believe, renders it our duty to inform those who are so unfortunate as to be afflicted with any of the above diseases, that if they apply to us in time, they can generally expect a cure.

The following is an extruct from a report published institution at New York, showing the efficacy of the Bath when all other remedies had failed: amatic, syphilitic and gouty affections, attend-

ed with ulcers, blotches and cruptions of the skin, particularly when originating from the improper use of abuse of Mercury, scald-head, salt-rheum, erysiplas pimpled face, dry scurvy, leprosy, ring-worm, tetters and all other hitherto unmanageable diseases of the kin, serefulous diseases are relieved and cured in a much shorter period and with more certainty than any other mode of treatment ever employed."
