

FOR PRESIDENT JAMES K. POLK, OF TENNESSEE. FOR VICE PRESIDENT GEO. M. DALLAS, OF PENNSYLVANIA.

DEMOCRATS! AROUSE! BE VIGILANT! We have now before us another great contest. Let us be satisfied that we have triumphed in the glorious old Kentucky, and elected the honest Democrat, and pure patriot, FRANKLIN PIERCE, and without troubling ourselves about the remote mountains, let us set about the great work which must be completed on the 1st of November.

We must expect that the whig party, which solely relies for success upon fraud, deception and trickery, will seek to delude Col. Polk by the same vile and filthy expedients which they have employed against Mr. Pierce, and which they have also employed against Mr. Polk. We are not surprised if the whig party procure Mr. Polk's name from the neighborhood where Col. Polk resides, to swear and certify to the most base and abominable slanders against him. They will, very probably, on the eve of the election, procure affidavits and certificates from wretches, who those who have mentioned above, that Col. Polk holds sentiments and opinions on political and other subjects, that they know are obnoxious to the people of Pennsylvania. They have already attempted to show that, like HENRY CLAY, he is a dissembler and they have concocted a forgery charging him with cruelly branding 33 human beings with the initials of his name. That these slanders are operations with a view to deceive, and not to believe, and which there is no time left to contradict them, and we may look for certificates that Col. Polk is a Free Trade man, with other charges equally base, false and improbable.

We urge our friends, therefore, to be on the alert to know the meanness and baseness of whigery, you know its regular and repeated resorts to lies and frauds on the eve of an election—be on your guard, then, to counteract them. The present contest has been one of extraordinary bitterness—every thing that could possibly be brought to bear on the Democratic candidate has been raked up, and used to the utmost. The mercenary forgers that might be turned to the injury of the Democratic candidate for the Presidency—and therefore, any new charges must be wholesale fabrications, lies out of the whole cloth. No matter what coloring of truth they may wear. No matter who may certify to new charges made at this stage of the campaign, they must be heavily false. Once more, we say, Democrats be on guard then—warn the Committee.

THE ELECTIONS.—Sufficient returns are now in to show that FRANKLIN PIERCE is elected Governor of a majority of 2,000 over the whig candidate. Considering the circumstances under which this election was held, we consider the result one of the most glorious Democratic victories ever achieved in this country.

Mr. Shunk was assailed by means never before brought into use, and his pure character and upright conduct through life, was perverted by such vile and unprincipled means as to excite the indignation of the people, and his private conversation and religious opinions misrepresented for the purpose of exciting a fanatical fury against him.

To give indignation to the falsehoods of such creatures as Mr. Garrison, White, and Bidwell, the wealthy members of the party opened their purses and contributed thousands for the purpose of destroying the reputation of a man that no one of them would dare to breathe aught against personally. In conversation they could express great regret at the vile course pursued towards Mr. Shunk, but the purchased wretches who were employed to vilify him, but at the same time, they took special pains to circulate the slanders, and paid their libelers for every new falsehood that they could invent.

But despite the efforts of calumny, bribery and the corrupt application of wealth, good, honest FRANKLIN PIERCE, is elected Governor of Pennsylvania, and the members who attempted to overthrow him with base calumnies, have been crushed beneath a accumulated indignation of a honest people.

CONGRESS.—We have gained a member of Congress in the Armstrong district, in place of Benjamin F. Butler, elected Governor of Pennsylvania, and the members who attempted to overthrow him with base calumnies, have been crushed beneath a accumulated indignation of a honest people.

THE ONE DAY ELECTION LAW.

The Express is characteristically very cautious in its reports. It is not probable that Butler will be elected Governor, or that the Whig party will be elected to a majority in the Legislature.
