N B CLARKE'S BENEFIT.

This gentleman's Benefit comes off to-night. Who is there that will not go! Clarke is a good actor, and deserves the patronage of our citizens if any body does—as he is about to leave us let us give him a substantial proof that we would like to to see him again.

PLURIBUS.

Red River.—Health, &c.—The Alexandria Republican of last Saturday says:—"We have had rains during the week, and a cool, damp atmosphere. The river is "dead low," and the prospect of a rise far from flattering. The health of the parish continues good. The weather now is cold, and it has rained almost incessantly for twenty-four hours. Winter is upon us, sure enough."

The river is said to be fast receding to its lowest stage. In 1833 it became so low that it was almost impossible for the smallest sized boats to navigate it with safety. Gentlemen from Natchitoches state that the mouth of the Rigolet Bondieu is lower this season than it has been for years past.—*N O Pic, Oct 2.*

Bureau of Construction, Equipment, and Repair,
October 2d, 1844.

SEALED PROPOSALS will be received at this Bureau until 3 o'clock, P M. of the 3d day of November, next, for furnishing and delivering at the respective Navy Yards near Portsmouth, New Hampshire; Charleston Massachusetts; Brooklyn, New York; Philadelphia; Washington, D C, and Gosport, Virginia, such quantities of cold rolled bolt copper and of hot rolled sheet copper, not exceeding one hundred thousand pounds or each at any one Navy Yard; and of round, flat, and square iron as may be ordered by the respective Commandants or Navy Agents, or by this Bureau, between the first day of January, 1845, and the 30th of June, 1846.

The flat Iron to not be less than one-fourth of an inch thick, nor more than six inches wide; the Square Iron not less than one-half an inch, nor more than three inches a square, and the Round not less than one-half inch, nor more than three inches in diameter.

The Iron and Copper is to be of the best quality, free from flaws, jagged ends or edges, cracks or other defects, and true to the sizes ordered, and must be subject to such tests and inspection as may be directed, and in all respects to the satisfaction of the Commandants of the respective yards, or it will not be received.

Any quantity not exceeding five thousand pounds of Copper or five tons of Iron to be delivered within ten days after the order shall be received, and one day will be allowed for every additional thousand pounds of Copper or additional ton of Iron that may be ordered. It is to be distinctly understood, however, that persons who may contract are not to have any claim or privilege to furnish any greater quantity of Iron or Copper than may be expressly ordered.

It is to be understood, also, that when persons reside at other places than those near which they engage to furnish articles, they will be required to appoint and duly authorize some person at or near the place of delivery, to receive and set upon the requisitions of orders which may be made; and in case the person who contracts, or his agent, shall neglect or fail to comply with the requisitions or orders he may receive for articles under his contract, in proper time or of proper quality, the officers or agents of the Navy shall be authorized to purchase the same, and the contractor shall be liable for any excess of cost over his contract.

Separate proposals must be made for each Navy Yard, and for the Copper, and for the Iron, and the price asked per pound must be the same, for the bolt and sheet Copper; and for the round, flat and square Iron; that the different Iron may be correctly compared.

Bonds, with two approved sureties in one half the estimated amount of the respective contracts, will be required, and ten per centum in addition to be withheld from the amount of each payment to be made, as collateral security for the due and faithful performance of the respective contracts; which will, on no account, be paid until the contracts are complied with in all respects. After deducting ten per centum, payment will be made by the United States, within thirty days after, bills, duly certified and approved, shall be presented to the Navy Agent of the Station where deliveries are made.

The power to reject all offers from persons who have heretofore failed to fulfil their contracts with the Government is expressly reserved by this Bureau.

To be published three times a week until the 3d of November next, in the Madisonian and Spectator, Washington, D. C.; New Hampshire Gazette; Morning Post and Daily Times, Boston; Journal of Commerce, Sun and Aurora, New York; National Enquirer, Harrisburgh, Pennsylvania; Sun and Republican, Baltimore, Md.; Enquirer, Richmond, Virginia; Old Dominion and Beacon, Norfolk, Virginia; American Sentinel, Mercury and Public Ledger, Philadelphia; Morning Post, Pittsburgh, Pennsylvania.

North-west Guns, to the amount of about $7,000. two-thirds to be 36 inches in the barrel, and one-third 42 inches in the barrel

A schedule of the articles, with samples, (except of the plaid linseys, which must be of better quality than those heretofore furnished—samples to be presented by the bidders with their bids) may be seen at the office of the Commissioner of Indian Affairs, in Washington, exhibiting the amount or manner to be expended for each article, but the Department reserves the right to increase or diminish the quantity of any of the articles named, or substitute others in lieu thereof.

The whole amount in money to be applied to the purchase of goods will be about $35,000. of which some $10,000 will be wanted on the seaboard, and the residue in the West. Goods of American manufacture, all other things being equal, will be preferred.

The party proposing to supply the articles will make an invoice of all the items embraced in the above list, and affix the prices in dollars and cents, at which he or they will furnish them, deliverable in New York, (that portion of the goods wanted West may be bidden for delivery at St. Louis,) on or before the 15th day of May next, assuming the quantity of each article as specified in this advertisement and extending the cost, making an aggregate of the whole invoice before sending it on. The goods will be inspected at New York by an agent of the United States, who will be appointed by the Department for the purpose, and to secure this the conformity of the articles purchased with the samples exhibited, when the contract shall be made, and with the terms of the contract itself, which shall contain a clause that if the articles are not furnished within the time prescribed, or if they are of insufficient quality, in the opinion of the agent aforesaid, and if within five days after notice of such insufficiency, the party shall not furnish others in lieu thereof, of the required quality, the United States shall be authorized to purchase them of others, and to charge any increase of price they may be compelled to pay therefor to the contractor, who shall pay the said difference to the United States.

As these goods will not be ready for delivery before the middle of May, separate proposals will be received for their transportation from New York or St Louis, to their destination in the Indian country, up to *first of March next.*

Bonds will be required, in the amount of the bids, with two good sureties, the sufficiency of whom to be certified by a United States Judge or District Attorney, for the faithful performance of the contracts.—Payment will be made after the contract is completed, and the delivery of the goods to an agent of the Department, upon a duplicate invoice certified by him.

Communications to be marked, "Proposals for Indian goods."

The bids will be submitted with the following heading, and none will be received that are not made in the form and terms here prescribed:

"(or we) propose to furnish for the service of the Indian Department, the following goods, at the prices affixed to them respectively, viz:

(Here insert the list of goods.)

Deliverable in the city of New York or St Louis on or before the——day of——next, and in case of the acceptance of his proposal, the quantity being prescribed by the Department, I (or we) will execute a contract according to this agreement, and give satisfactory security to the Department, within eight days after the acceptance of this bid, and in case of failure to enter into such contract, and give such security, I (or we) will pay to the United States the difference between the sum bidden by me, (or us,) and the sum which the United States may be obliged to pay for the same articles."

Report of the Committee of Cases submitted to the Medicated Vapor Bath, in Washington City.

THE Committee appointed to superintend the use of the Bath in this city conceive that the time is arrived when they ought to report more fully to the public what they have now learned from experience and observation of the real use and efficacy of the Bath. They will detail nothing but facts which have came within their own knowledge. Since the bath was opened it has been used by all ages from 7 years to 70 and we believe in all cases it has been useful but the most numerous class of cases in which it has afforded almost immediate relief and in some complete cure, are those of recent colds, rheumatism, inflamed eyes, eruptions of the skin, scrotulous swellings, and general debility. A considerable number of patients whose eyes were so diseased that they had been compelled to abandon their usual avocations for many weeks and who had been subjected to every other mode of treatment without receiving any relief have been effectually cured by the bath in some cases by three times using it and in others six or eight times.—It has a remarkable effect of clearing the skin from troublesome eruptions and gives it a softness and freshness that is a striking indication of improved health.

Transportation Lines.

AMERICAN PORTABLE BOAT LINE,
For the transportation of
MERCHANDIZE AND PRODUCE
BETWEEN
PITTSBURGH AND PHILADELPHIA, PITTSBURGH AND BALTIMORE,
AND
NEW YORK AND BOSTON.

THE PROPRIETORS
RESPECTFULLY inform their friends and shippers generally, that they have changed the name of their Transportation Line, from the United States Portable Boat Line, to the American Portable Boat Line.
This line is composed of twenty-five new Four Section Portable Boats, one of which will depart daily from Pittsburgh, Philadelphia and Baltimore.
The superiority and advantages of the Portable Boat over every other mode of transportation are too well known to shippers generally to require comment: suffice it to say, that the detention, loss, separation and damage to Goods, invariably attending three-fourth shipments between Pittsburgh and Philadelphia, is by the Portable Boats most effectually removed.
To give undoubted security to owners and shippers, all goods and produce shipped by this line will be insured in a responsible office in Philadelphia, without any additional charge to the owners.
Merchandise shipped by this line in any of the eastern cities, and consigned to H Devine & Co, will be forwarded immediately on arrival at Pittsburgh to any part of the west, free of commissions.
H. Devine will receive produce consigned to him, pay steamboat freight and charges, and forward the same to any of the eastern cities, and charge no commissions for storage, advancing or forwarding. Any communications or goods directed to the care of the undersigned Agents will be promptly attended to.

C. A. McANULTY'S
UNITED STATES
PORTABLE BOAT LINE
For the transportation of Merchandize to and from
PITTSBURGH, BALTIMORE, PHILADELPHIA, NEW YORK AND BOSTON.
THE success this line has met with, since it was first established on the "Individual Enterprise" system, has induced the proprietors to increase the number of Boats during the winter to twenty-five, one of which will leave Pittsburgh, Philadelphia and Baltimore every day (except Sundays) during the season, and make the trip through in six days.
The superiority and advantages of the Portable Boat System over every other mode of transportation (when canals intersect with rail roads) are too well known to shippers by this route generally to require any comment.
Shippers can rely on having their produce, merchandize, or goods of any kind that may be consigned to the Agents of this Line, forwarded with dispatch and at the very lowest rate of freight charged by other Lines, without any additional charge made for receiving or advancing charges, &c
All communications to the following Agents will be promptly attended to:
CHARLES A. McANULTY,
At the Depot, Canal Basin, Pittsburgh.
ROSE & MERRILL,
53, Smith's Wharf, near Pratt st., Baltimore.
W & J T TAPSCOTT,
No 43, Peck Slip, New York.

Freights to Philadelphia and Baltimore.
MERCHANTS & MANUFACTURERS' LINE
FOR transporting Goods, Merchandise, Produce, &c., between *Pittsburgh, Philadelphia* and *Baltimore.* Goods will be received and forwarded by this line on as accommodating terms and as short time as by any other responsible Line. All goods forwarded from Philadelphia by this Line will be insured.—The Proprietors and agents will give their whole attention and endeavor to render satisfaction to all who may favor them with their custom. We invite shippers, merchants, manufacturers and others to give us a call before shipping elsewhere. Merchandise consigned to the agents will be received, freight and charges paid, and forwarded without additional charge for forwarding or storage.
