Medicated Vapor Bath. COPY of a LETTER FROM DR. LAWRENCE AND HIS ASSOCIATES, New Lebanon, State of New York.

WORTHY FRIENDS - Having made a thorough trial of the Medicated Vapor Bath for four months past, in our practice in New Lebanon and various other places, it is but justice to state that we consider it a valuable improvement in the healing art. Its power in relieving both chronic and acute inflammation, also in relieving spasms, is certainly very great. In cases of obdurate peripneumonia, it is unquestionably the safest and best remedy that has ever been seen. Several cases in our society, who were severely fevered by a violent catarrhal affection during most of the winter months for several years past, have found permanent relief by using the Bath a few times; and the most fruitful source of disease, and any remedy that is capable of relieving the predisposition to it, must be considered a great blessing to mankind; and as such we do not hesitate to recommend the Medicated Vapor Bath.

HATHAWAY'S Patent Hot Air Cooking Stoves. THE subscriber having entered into the new business in Pittsburgh, respectfully informs the public that he intends carrying it on in its various branches at the warehouse of Messrs. Paton & Mitchell, No. 160 Liberty Street, where he will be prepared to supply purchasers with any articles in his line. In addition to other Stoves which he will have on hand, he has obtained the right to manufacture and sell Hathaway's Patent Hot Air Cooking Stoves. This stove is superior to any other now in use in the United States; it is more durable in its construction, and better adapted to the use of baking, roasting and cooking. It is heated by regularly combining the air in the stove and it is great saving of fuel as well as labor. I will keep on hand a sufficient number to supply all demands if possible. I have five different sizes, and will sell them, on reasonable terms, according to size. I have now in use upwards of fifty in and about this city; all put in use within six months. Being well adapted to the use of the poor, and highly recommended Stoves which were badly constructed, and had a good deal of trouble in getting them to persons wishing to procure the Hot Air Stoves. I will give you a sufficient length of time to prove its superior quality before I ask them to purchase. Persons applying from a distance by letter, may have a copy sent at any time, as I have a copy of the Stove in my possession, and will send it to you, and prove that it is to your advantage to have one. It will be promptly attended to by the subscriber. ROBERT DORRAN, No. 147.

Washington Temperance House. Mr. R. DORRAN - Sir, I have had in use for five months your Hot Air Cooking Stove, which I got from you in Spring. It affords me much pleasure to recommend it for its excellence. So far as my knowledge extends, I have no hesitation in saying, it is the best stove now in use. I need not particularize its merits, but would advise all disposed to possess an article of the kind, to adopt the best method of satisfying themselves, that is, to try it; and I doubt not they will be satisfied. Hot Air Cooking Stove. I have used the one you put up for me constantly all summer, and I must say it is a grand article. I believe it is superior to any other stove now in use in this city. The oven bakes well, and is large enough to bake four large loaves of bread at one time; it also cooks very rapidly, and it requires very little coal. I think thereby the attention of all who wish a good stove, to such I would say, try them and prove what they are. MATHEW PATRICK, Oct 14th.
