IRON SAFE.

HATH AWAY'S Patent Hot Air Cooking Stoves.

THE subscriber having introduced the above kind of Hot Air Cooking Stoves, which I got from the warehouse of Messrs. Penick & Mitchell, No. 150 Liberty street, where he will prepare to supply them with any articles in his line. In addition to other Stoves which he will have on hand, he has obtained the right of manufacture and sell Hathaway's Patent Hot Air Cooking Stoves. This stove is not only superior to any other now in use in the United States, it is more durable in its construction, and better adapted to the use of baking, cooking and boiling, as it is heated very regularly by confining the air in the stove and it is a great saving of fuel as well as labor. I will keep on hand a sufficient number to supply all demands if possible. I have five different sizes, and will sell them on reasonable terms, according to size. I have no stock now in my hands, but will have a lot of fuel required, makes it an object of satisfying themselves, that is, to try it, and I doubt not they will be satisfied. D. R. MILLER.

Mrs. D. DIXON—Sir: I have had in use for five months one of Hathaway's Hot Air Cooking Stoves, and I have no hesitation in saying it is the best stove now in use. I need not particularize its merits, but would advise all disposed to possess an article of the kind, to adopt the best method of satisfying themselves, that is, to try it, and I doubt not they will be satisfied.
