Hear the words of an old Soldier. PHILADZLPHIA, August 16

To the Public:-When a soldier in the American Camp, in 1778, I. with many others (owing to great exposure,) had a violent attack of disease of the Lungs, by which I was disabled from duty for a long Since that period onril recently, I have never leen free from cough and difficulty of breathing. Year after year I have expectorated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be bulstered up to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. I have had skilful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another very severe attack of inflammation of the Lungs, which I fully expected would be the last. I then was advised to use JAYNE'S EXPECTORANT. I did so, with a strong hope, that, as it had cured many of my acquaintances of various diseases of the Lungs, it might at least mitigate my sufferings. Need I say how gratified I feel. IT HAS EFFECTUAL-LY CURED ME As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectoration became easy, and my cough entirely left me. I now feel as well as ever I did in my life, a d am better than I have been for the last SIXTY YEARS. Now, after suffering so long, and finding at last such signal relief, from Dr. Jayne's expectorant. I feel anxious to inform my

fellow citizens where relief may be had.
