Bir_Since I have been in this city I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Carden, of Cambell county ennessee, wrote to me to send him some, which I did and he has employed it very successfully in his practice and says it is invaluable. Mr. Johnson, your agent at Tennessee. If so, I would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennes-see, or by land to Graham & Houston, Taxwell, East see, or by land to Granam of Housion, i alweit, June Tennessee. I have no doubt but if you had agents is several counties in East Tennessee, a great desi of medi-cine would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Biuntville, Sullivan County. Medicated Vapor Bath. COFY OF A LETTER FROM DRS. LAWRENCE AND HENRICKSON. New Lebanon, State of New York. WORTHY FRIEND:—Having made a thorough trial of the Medicated Vavor Bath for four months past, in our societies in New Lebanon and Watervliet, we think it but justice to state, that we consider it a valuable improvement in the healing art. Its power in reduc- ing both chronic and acute inflamation, also in remov- ing spasms, is certainly very great. In cases of ob- structed perspiration, it is unquestionably the safes and bost remedy that we have ever seen. Severa persons in our society, who were scarcely free from d- catarrhal affection during most of the winter month for several years past, have found permanent relief b- using the Bath a few times; and the predisposition to take cold, as it is commonly termed, scems to be who ly removed. Obstructed perspiration, is certainly i our changeable climate, one of the most fraiful soun- ces of disease, and any remedy that is capable of re- moving the predisposition to it, must be considered great blessing to mankind; and as such we do not hes- tate to recommend the Medicated Vapor Bath.
