SATURDAY MORNING, NOVEMBER 2, 1844.

Miss CLARENDON .- By reference to our advertise ing columns, it will be seen that this lady will give this evening, at Duquesne Hall, a series of well chosen Dramatic Readings. The entertainment promises to be unusually interesting, and will no doubt draw a full house.

HERRIA .- Those affected with this disease, should attend to DR. Donson's advertisement in another col umn. His references are of the first order, and the cures he has accomplished won lerful.

The Prussian Thaler .- There are a good many silver coins of the denomination of the Prusian Tha-ler in circulation, which are frequently paid and re-ceived as if they were of the value of the American dollar, or a fraction less. The true value of this coin is declared in the authentic publication issued by the officers of the U S Mint, entitled "A Manual of Gold and Silver Coins of all nations." The Manual says "The Prussian Thaler is of unusually low standard being only three fourths (750 thousandths) fine. Th weight of the thaler should be 344.76, grains troy, and its value, at full standards, would be 69.4 cents, bu as they are found in currency the average scarcely as ceeds 68 cents."

Hear the words of an old Soldier. PHILADELPHIA, August 16.

To the Public .- When a soldier in the American Camp, in 1778, I, with many others (owing to great exposure,) had a violent attack of disease of the Langs, by which I was disabled from duty for a long annit slitt me. Since that period until recently, I have neve teren free from cough and difficulty of breathing. Year after year I have expectorated over a gill a day; often much more, and sometimes mixed with blond. For sept 2 BIRMINGHAM & CO. every Monday morning, at 10 o'clock.
