THE FIRST MEDICINE OF THE AGE. THE CELEBRATED DR. DUNCAN'S BIPBOTORANT REMEDY, FOR CONSUMPTION: COLDS, Coughs, Bronchitis, Asthma, Spitting of Blood Difficulty of Brenthing, Pain in the Side.

Brenst and Chest, Induenza, Whooping Cough, Croup

and all diseases of the Liver and LUNGS. Has now been before the puplic for several years During which time its value has been tested by thouands who were laboring under the numerous disease which have their origin in a common Catarrh or Cold, and which this medicine is designed to cure. The BY ITS OWN MERITS AND EXCELLENCE,

it has attained a popularity exceeding that of any other reparation, now offered to the public for the prevention and cure of that large and frightful class of diseases which so frequently lead to. and terminate in CONSUMPTION, It is now offered to the afflicted with confidence as

the BEST preparation for Coughs, Colds, &c. extent We are warranted in assuming for it this high charac ter, by the proofs, which we are constantly receiving, of the invaluable beaests derived from its use. Tesimonials and recommendations of the strongest kind are constantly being received from all quarter, by the Proprietor and Agents. In relieving cases of Asthma, Difficulty in Breathing, Pain in the Side and Breezt, it is unequalled; in cur ing Bronchitis, Coughs and Colds, and in short remut ng all the symptoms of approaching Pulmonary Con-

ITS SUCCESS HAS BEEN UNPARALETLED. No other medicine' has proved itself so really invaluable. Thousands in Pittsburgh and the vicinity, are, as far as human agency is concerned, indebted to Dr. Duncan's Expectorant Remedy for prolonging life and health. Many persons after using the other cough medicines of the day without effect, have been completely restored by this sendy. GREAT DISCOVERY in the HEALING ART. which will be paid on demand at any of the Banks A strong and undoubted evidence of its worth, is to be found in the high degree of popular favor which it has received since its introduction into the West.

Wherever as agency has been opened for its sale, and wherever it has received a fair and honest trial, it has become firmly established as a STANDARD FAMILY MEDICINE. It is rapidly superseding the use of the many not trums, which have so long imposed upon the communi-ty, which have obtained their name only by puffing and braggadoria, and which are now destined to be and praggations, and which are now destined to be thrown aside to make way for the best cough medicine of the present age. It is not pretended that it will positively cure every case of the disease, for which it positively cure every case of the disease, for which it is a country of the store formerly occupied by Darlington & Peebles, next door to Wm. M'Knight. is designed, but it is honestly believed that in every case where it gets a fair chance it will effect a cure. Coming, then, before the people with the highest tions, it is at least, worthy of a trial by all who are afflicted with any of that large and danger

The following is a specimen of the numer onials which we have received. It is from a PHYmonials which we have received. It is from a PHY-SICIAN of high standing in Ohio.

Dear Sir—Having had occasion to witness the effect of Dr. Duncan's Expectorant Remedy on Mr Eli Young in a case of Pulmonary Consumption, I felt it my duty to make a brief statement in order that others when the administration of the companies of that are or may be afflicted with the same complaint may be benefitted by the same remedy. He was attacked with inflammation in the left lob of the lungs in March 1843, attended with acute pain, of the lungs in March 1843, attended with acute pain, great difficulty of breathing, and a severe cough, which proceeded rapidly to suppuration: and not withstanding the use and application of the best remedies prescribed by our authors, the complaint in a few days began to exhibit evident symptoms of ulceration. In this distressing stage of the complaint, I had re-course to Dr Duncan's Expectorant Remedy for consumption, which had the effect of checking the disease mediately, and in a few days the pain censed, the

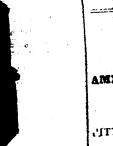

breathing became free and easy, the cough left him and the expectoration subsided, the consequences of which was that in doing six bottles he has recovered to his health, and is restored to his family. I do hereby certify the above to be true stat my case as far as comes within my knowledge.
