NATIVE AIMS AND FOREIGN GRACES. The Native American meeting on Tuesday evening was attended by a large number of our citizens, out of curiosity to know what the new party intends to propose in advancing its principles in this city.

Understand there is a strong excitement going on in regard to a proposal that has been made to revise the constitution of the society, the article that prohibits naturalized citizens from holding office.

There are many foreigners who wish to be members of the Native party for the purpose of gratifying a spirit of persecution which they imbibe at a home.

According to the rules of the society, the proposition has to be taken up at a future meeting, and we cannot say whether it will accomplish its purpose or not.

In those counties where the whigs have a majority, and where intelligence is generally cultivated, whigs have done well, and have met with assistance.

MONROGHELLA IMPROVEMENT.—We are pleased to learn that the improvement of the Monongahela from the city to Brownsville, by dam and lock, is now completed.

Now, we have several objections to make to the American's tally in that city, which is the list of office holders in the election in Pennsylvania.

A CALCULATION.—The American is endeavoring to cheer the sticking points of its party by showing how they are doing.

By a slip from the Wheeling Argus dated Wednesday, we learn that we have the following: Marshall 62, 25 majority for Clay—last year 31 whig majority.

OHIO. The whig majority, says the Ohio Statesman will be 70,000 to 60,000.

STAMBOAT AND RAILROAD ACCIDENTS. Most of the accidents, of which, in this country, from steamboats and locomotives, arise from the brutal stupidity, ignorance or recklessness of the crew.

THE NEWS IN NEW YORK. The suspicious result of the Pennsylvania election reached New York by the afternoon mail, between 11 and 12 o'clock on Saturday night.
