THOS. PHILLIPS & WM. H. SMITH, EDITORS. PITTSBURGH, SATURDAY, NOVEMBRR 9. UNGRATEFUL .- We learn that the Philadelphia

whigs are denouncing the Natives of that county it "the most biller terms, because a portion of them would not vote the whig ticket at the Presidential election. They say now, that Levin and the other Natise office hu sters, care rothing for the American Republican party, and that their only motive for getting up the native excitement, was to enable themselves to get into office.

The thousands who admired the course of Levin, and who illustrated his native Americanism by the burning of Churches, made the whigs believe that he was all powerful with the pyrotechnists, and they immediately commenced negotiations to attach him and his followers to the whig party. The bargain

was concluded and the whigs agreed to send Levin to Congress and he was to secure the native vote for the whig ticket. To carry out this bargain, E Joy ¿ Monis, a whig who had nover burnt a Church, nor, so for us we know, ever justified the burning of one, was ectificed to propiriste the principal fomenter of the 1630!

THE MARKETS. TUESDAY MORNING, Oct. 29, 1844.

The non-arrival of the Steamer's accounts, which were confidently looked for yesterday, had the effect of materially curtailing the transactions in cotton, and the sales only amounted to about 1000 bales at former prices. Both buyers and sellers are unwilling to opeate until the receipt of later news.

There was a good assortment of Sugar on the market yesterday morning, which met with a ready de-mand, and the roceipts of the past two days, amounting to some 400 hbds., was nearly all in second Bands at the close of our inquiries. The range of prices is from 54 to 6 conts per pound. Moissers is arriving freely, and prices declined yesterday to 194 to 20 cts. per gallen.

The Flour market continues very dull: we notice small sales of Ohio at \$4 124 per bbl., and extra St Louis brands for bakers' use are going off \$4 25 to \$1-35 per bbl. Pork remains very firm about last figures, say for Mess \$9 50 to \$9 75, N. O. \$8 75; Psime \$7 to \$7 124 per bbl. In other respects we have no change to notice in the Western Produce market. N.O. DABING HIGHWAY ROBBERY.-The Philadelphis Sun of the 5th inst., says that on the previous morning between eleven and twelve o'clock, the runner of the Northern Liberties Bank, was robbed in the vicinity of Sixth and Market streets, of a wallet containg one thousand eight hundred dollars. The robbery was committed during a pretty smart shower of rain. Several men crowded round him with hoisted umbrellas, and one of them saized him by the throat, while one of the others secured the money. The robbers had their plans arranged in such a manner that they all succeeded in effecting their escape before the Putnam, alarm was given. This is one of the most during rob.
