The Daily Morning Post.

PITTSBURGH, PA.

MONDAY MORNING, NOVEMBER 11, 1844.

DUEL.—The New Orleans Republican of the 28th ult., contains the following. We presume, from previous notices in the papers there, that the parties to this duel were Mr Lumsden, of the Picayune, and one of the editors of the Louisiana Courier.

A hostile meeting took place on *Sunday* evening on the Metairie Track, between two well known members of the daily press. Weapons, pistols—distance, five paces. At the word, one pistol missed fire; the other exploding, wounded his antagonist in the abdomen and left thumb. Bad consequences not apprehended.—The parties exchanged amicable salutions and separated.

Dan Marble in London.—Mr. Marble, the American delineator of Yankee character, appears to be wonderfully popular in London. A recent letter from that city, published in the N. Y. "Spirit," gives a graphic account of his reception. It says:

"John Bull is positively infatuated with Dan, and he and his lovely daughters fill the boxes every night to witness his performances. Last night the house was crowded in every part—pit, boxes and gallery, private boxes and lobbies—and Dan's reception was enthusiastic. He rises into higher favor with every successive appearance. He has been called before the curtain every night—at first his yankee gratitude boiled over, and he was compelled to make a speech, which came up from the lower end of his honest heart. It is not the custom in London for performers to speechify when called on; they merely bow across the stage and retire. But Dan Marble broke through this custom and spoke "right out." John applauded him yet louder for it, and after his third appearance in London, being again called out, he substituted one of his inimitable Yankee stories for a speech, which took amazingly."

NOTICE.

The Presidential Executive Committee are requested to meet this evening at the Washington Hotel.—A punctual attendance of all the members is desired.

HATHAWAY'S

Patent Hot Air Cooking Stoves.

THE subscriber having entered into the stove business in Pittsburgh, respectfully informs the public that he intends carrying it on in its various branches at the warehouse of Messrs. Pennock & Mitchell, No. 160 Liberty street, where he will be prepared to supply purchasers with any articles in his line. In addition to other Stoves which he will have on hand, he has obtained the right to manufacture and sell Hathaway's Patent Hot Air Cooking Stoves. This stove is pronounced superior to any other now in use in the United States; it is more durable in its construction, and better adapted to the use of baking, roasting and cooking, as it is heated very regularly by confining the air in the stove; and it is a great saving of fuel as well as labor. I will keep on hand a sufficient number to supply all demands if possible; I have five different sizes, and will sell them on reasonable terms, according to sizes. I have now in use upwards of fifty in and about this city; all put in use within six months. Being aware that the People of Western Pennsylvania have been imposed upon by the introduction of new and highly recommended Stoves which were badly constructed, and having soon failed and become useless. I will grant to persons wishing to procure the Hot Air Stove, the privilege of using it a sufficient length of time to prove its superior quality before I ask them to purchase. Persons notifying me from a distance by letter, can have stoves put up at any time. I have wagons that carry them out; I therefore invite Farmers and all persons to come and judge for themselves; also to try them and prove that it is to your advantage to have one. All orders will be promptly attended to by the subscriber.

ROBERT DONAVAN.

RECOMMENDATIONS.

Miller's Mansion House, Sept, 19, 1844.

Mr. R. DONAVAN—Sir: I have in use one of Hathaway's Hot Air Cooking Stoves, which I got from you last Spring. It affords me much pleasure to recommend it for its excellence. So far as my knowledge extends, I have no hesitation in saying it is the best stove now in use. I need not particularize its merits, but would advise all disposed to possess an article of the kind, to adopt the best method of satisfying themselves, that is, to try it; and I doubt not they will be satisfied. D. R. MILLER.

Washington Temperance House,
Pittsburgh, Sept. 19, 1844.

Mr. R. DONAVON—Sir:—I have had in use for five months, one of Hathaway's Hot Air Cooking Stoves, and I have no hesitation in saying it is the best stove now in use. The various kinds of cooking it is calculated to do at the same time, and the small quantity of fuel required, makes it an object worthy the attention of all who desire a good stove.

THOMAS VARNER.

☞ I embrace this opportunity to recommend the Hot Air Cooking Stoves; I have used the one you put up for me constantly all summer, and I must say it is a grand article. I believe it is superior to any other stove now in use in this city. The oven bakes well, and is large enough to bake four large loaves of bread at one time; it also cooks very speedily, and it requires very little coal, I think them worthy the attention of all who wish a good stove; to such I would say, try them and prove what they are.

THE FIRST MEDICINE OF THE AGE.

THE CELEBRATED DR. DUNCAN'S

EXPECTORANT REMEDY,

FOR CONSUMPTION.

COLDS, Coughs, Bronchitis, Asthma, Spitting of Blood, Difficulty of Breathing, Pain in the Side, Breast and Chest, Influenza, Whooping Cough, Croup and all diseases of the Liver and

LUNGS.

Has now been before the public for several years During which time its value has been tested by thousands who were laboring under the numerous diseases which have their origin in a common Catarrh or Cold, and which this medicine is designed to cure. The result of this trial has been to place "Duncan's Remedy" at the head of the patent medicines of the day.

BY ITS OWN MERITS AND EXCELLENCE,

it has attained a popularity exceeding that of any other preparation, now offered to the public for the prevention and cure of that large and frightful class of diseases which so frequently lead to, and terminate in

CONSUMPTION,

It is now offered to the afflicted with confidence as the BEST preparation for Coughs, Colds, &c. extant We are warranted in assuming for it this high character, by the proofs, which we are constantly receiving, of the invaluable benefits derived from its use. Testimonials and recommendations of the strongest kind are constantly being received from all quarter, by the Proprietor and Agents.

In relieving cases of Asthma, Difficulty in Breathing, Pain in the Side and Breast, it is unequalled; in curing Bronchitis, Coughs and Colds, and in short removing all the symptoms of approaching Pulmonary Consumption,

ITS SUCCESS HAS BEEN UNPARALLELED.

No other medicine has proved itself so really invaluable. Thousands in Pittsburgh and the vicinity, are, as far as human agency is concerned, indebted to Dr. Duncan's Expectorant Remedy for prolonging life and health. Many persons after using the other cough medicines of the day without effect, have been completely restored by this truly

GREAT DISCOVERY in the HEALING ART.

A strong and undoubted evidence of its worth, is to be found in the high degree of popular favor which it has received since its introduction into the West.—Wherever an agency has been opened for its sale, and wherever it has received a fair and honest trial, it has become firmly established as a

STANDARD FAMILY MEDICINE.

It is rapidly superseding the use of the many nostrums, which have so long imposed upon the community, which have obtained their name only by puffing and braggadocia, and which are now destined to be thrown aside to make way for the best cough medicine of the present age. It is not pretended that it will positively cure every case of the disease, for which it is designed, but it is honestly believed that in every case where it gets a fair chance it will effect a cure.

Coming, then, before the people with the highest recommendations, it is at least, worthy of a trial by all who are afflicted with any of that large and dangerous class of diseases.

The following is a specimen of the numerous testimonials which we have received. It is from a PHYSICIAN of high standing in Ohio.

Dear Sir—Having had occasion to witness the effect of Dr. Duncan's Expectorant Remedy on Mr Eli Young in a case of Pulmonary Consumption, I felt it my duty to make a brief statement in order that others that are or may be afflicted with the same complaint may be benefitted by the same remedy.

He was attacked with inflammation in the left lobe of the lungs in March 1843, attended with acute pain, great difficulty of breathing, and a severe cough, which proceded rapidly to suppuration: and not withstanding the use and application of the best remedies prescribed by our authors, the complaint in a few days began to exhibit evident symptoms of ulceration.

In this distressing stage of the complaint, I had recourse to Dr Duncan's Expectorant Remedy for consumption, which had the effect of checking the disease immediately, and in a few days the pain ceased, the breathing became free and easy, the cough left him, and the expectoration subsided, the consequences of which was that in using six bottles he has recovered his health, and is restored to his family.

I do hereby certify the above to be true statement of my case as far as comes within my knowledge.

AMERICAN PORTABLE BOAT LINE,

For the transportation of

MERCHANDIZE AND PRODUCE

BETWEEN

PITTSBURGH AND PHILADELPHIA, PITTSBURGH AND BALTIMORE,

AND

NEW YORK AND BOSTON.

THE PROPRIETORS

RESPECTFULLY inform their friends and shippers generally, that they have changed the name of their Transportation Line, from the United States Portable Boat Line, to the American Portable Boat Line.

This line is composed of twenty-five new Four Section Portable Boats, one of which will depart daily from Pittsburgh, Philadelphia and Baltimore.

The superiority and advantages of the Portable Boat over every other mode of transportation are too well known to shippers generally to require comment: suffice it to say, that the detention, loss, separation and damage to Goods, invariably attending there; ransshipments between Pittsburgh and Philadelphia, are by the Portable Boats most effectually removed.

To give undoubted security to owners and shippers, all goods and produce shipped by this line will be insured in a responsible office in Philadelphia, without any additional charge to the owners.

Merchandise shipped by this line in any of the eastern cities, and consigned to H Devine & Co, will be forwarded immediately on arrival at Pittsburgh to any part of the west, free of commissions.

H. Devine will receive produce consigned to him, pay steamboat freight and charges, and forward the same to any of the eastern cities, and charge no commissions for storage, advancing or forwarding. Any communications or goods directed to the care of the undersigned Agents will be promptly attended to.

C. A. McANULTY'S

UNITED STATES

PORTABLE BOAT LINE

For the transportation of Merchandize to and from PITTSBURGH, BALTIMORE, PHILADELPHIA, NEW YORK AND BOSTON.

THE success this line has met with, since it was first established on the "Individual Enterprise" system, has induced the proprietors to increase the number of Boats during the winter to twenty-five, one of which will leave Pittsburgh, Philadelphia and Baltimore every day (except Sundays) during the season, and make the trip through in six days.

The superiority and advantages of the Portable Boat System over every other mode of transportation (when canals intersect with rail roads) are too well known to shippers by this route generally to require any comment.

Shippers can rely on having their produce, merchandize, or goods of any kind that may be consigned to the Agents of this Line, forwarded with dispatch and at the very lowest rate of freight charged by other Lines, without any additional charge made for receiving or advancing charges, &c.

All communications to the following Agents will be promptly attended to:
