ian,Sullivan County, East Tennessee, Memberof Coageess Wasmington, July 3d. 1838. Sir\_Since I have been in this city I have used some of

your Dyspentie medicine with infinite benefit and satis-faction, and believe it to be a most valuable remedy. One Tennessee, wrote to me to send him some, which I did and he has employed it very successfully in his practice and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennes-see, or by land to Graham & Houston, Taxwell, East Tennessee, I have no doubt but if you had agents in several counties if East Tennessee, a great deat of medi-cine would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Bluntville, Sullivan County. East Tennesser; I can get some of the merchants to act for you as I live near there.

WORTHY FRIEND:Having made a thorough trial of the Medicated Vavor Bath for four months past, in our societies in New Lebanon and Watervliet, we think it but justice to state, that we consider it a valuabid improvement in the healing art. Its power in reduc- ing spasms, is certainly very great. In cases of ob- structed perspiration, it is unquestionably the sufest and best remedy that we have ever seen. Several persons in our acciety, who were scarcely free from a catarrhal affection during most of the winter months for several years past, have found permanent relief by using the Bath a faw times; and the predisposition to take cold, as it is commonly termed, scems to be whol- ly removed. Obstructed perspiration, is certainly in our changeable climate, one of the most fruiful sour ces of discuse, and any remedy that is capable of re- moving the predisposition to it, must be considered to great blessing to markind; and as such we do not hesi tate to recommend the Medicated Vapor Bath. WORTHY FRIEND:Having made a thorough trial of the Medicated Vavor Bath for four months past, in our societies in New Lebanon and Watervliet, we think it but justice to state, that we consider it a valuabid improvement in the healing art. Its power in reducing both chronic and acute inflamation, also in removing spasms, is certainly very great. In cases of obstructed perspiration, it is unquestionably the suffest and best remedy that we have ever seen. Several persons in our society, who were scarcely free from a caternhal affection during most of the winter months for several years past, have found permanent relief by using the Bath a faw times; and the predisposition to take cold, as it is commonly termed, scems to be whole ly removed. WORTHY FRIEND:-Having made a thorough trial of the Medicated Vavor Bath for four months past, in our societies in New Lobanon and Watervliet, we think it but justice to state, that we consider it a valuable improvement in the healing art. Its power in reducing both chronic and acute inflamation, also in removing spasms, is certainly very great. In cases of obstructed perspiration, it is unquestionably the sufest and best remedy that we have ever seen. Several persons in our society, who were scatcely free from a caternal affection during most of the winter months for several years past, have found permanent relief by using the Bath a few times; and the predisposition to take cold, as it is commonly termed, seems to be whole the rendered of disease, and any remedy that is capable of recommend the Medicated Vapor Bath.
