A LETTER FROM DRS. LAWRENCE AND HIRRICKSON. New Lebanon, State of New York.

WORTHY FRIEND:—Having made a thorough trial of the Medicated Vavor Bath for four months past, in our societies in New Lebanon and Watervliet, we think it but justice to state, that we consider it a valuable improvement in the healing art. Its power in reducing both chronic and acute inflamation, also in removing spasms, is certainly very great. In cases of obstructed perspiration, it is unquestionably the safest and best remedy that we have ever seen. Several persons in our society, who were scarcely free from a catarrhal effection during most of the winter months for several years past, have found permanent relief by using the Bath a few times; and the predisposition to N hand and for sale, 100 Copying Presses, equal in finish and availability to any either imported or of eastern make, at sixty per cent under their prices. What business man will be without such a laborsaving machine, when they can be purchased for so small a sum as tea dollars. To be had by the dozen tage to recommend the Medicated Vapor Bath. mmend the Medicated Vapor Bath.
