WEDNESDAY MORNING, DECEMBER 4. On our outside form will be found a "Remark able Narration"-Poetry, &c.

THE SCOTCH GIANT AND GIANTESS will leave tomorrow. Those who have not availed themselves of the opportunity to see these wonderful people, should go To-DAY, by all means. They will, never again. perhaps, have it in their power to gratify curiosity by looking at such stupendous specimens of humanity.-They go from this city to Cincinnati, which they expect to reach before Christmas. We commend them passage apply on board, or to sept 2 BIRMINGHAM & CO. to our friends in that city, and we are sure the people of Cincinnati cannot fail to be pleased with

NEW SAFETY GUARD.—The American of yester day notices a new Safety Guard, for the prevention of her regular daily explosions on board of Steam Boats, invented by Dr W M WRIGHT, of this city, which we have heard spoken of in the highest terms, by those competent to judge of its utility. We have not had an opportunity Judge of its utility. We have not had an opportunity of examining the Guard itself, but we have seen an CLARKE & CO'S LINE to CLEVELAND, O., and of examining the Guara usen, out we have seen and meanwhile, ra., with mind of it, by Mr AC DRAKE, and tion. For freight or passage apply on board, or to G. M. HARTON, advantages as a Safety Guard are very obvious.

GRAHAM'S MAGAZINE.-The December number of this Magazine has been somewhat late in coming out, but its interesting contents will make ample amends for the disappointment the public may have expevienced from its detention. Besides the customary amount of reading matter from its popular contributors, it contains a beautiful engraving, "The Reapers' Friend," a gorgeous colored print of a Peacock, and a plate of winter fashions.

THE LADIES' NATIONAL MAGAZINE.-The Decem ber number of this Magazine, has also been received at Cook's Depository. It is enough to say of this
