HATHAWAY'S

Patent Hot Air Cooking Stoves. HE subscriber having entered into the stove busiwess in Pittsburgh, respectfully informs the public that he intends carrying it on in its various branches at the warehouse of Messrs. Pennock & Mitchell. No. lishment, is enabled to sell 160 Liberty street, where he will be prepared to supply purchasers with any articles in his line. In addition to other Stoves which he will have on hand, he has obtained the right to manufacture and sell Hathaway's Patent Hot Air Cooking Stoves. This stove is pronounced superior to any other now in use in the United States; it is more durable in its construction, and better adapted to the use of baking, roasting and cooking, as it is heated very regularly by confining the air in the stove; and it is a great saving of fuel as well as I will keep on hand a sufficient number to supply all demands if possible; I have five different size and will sell them on reasonable terms, according to sizes. I have now in use upwards of fifty in and about this city; all put in use within six months. Being a ware that the People of Western Pennsylvania hav been imposed upon by the introduction of new and high ly recommended Stoves which were badly constructed and having soon failed and become useless. I will grant to persons wishing to procure the Hot Air Stove, the privilege of using it a sufficient length of time to prove ts superior quality before I ask them to purchase. Persons notifying me from a distance by letter, can of him. have stoves put up at any time, as I have wagons to carry them out; I therefore invite Farmers and all persens to come and judge for themselves; also to try ther and prove that it is to your advantage to have one All orders will be promptly attended to by the subscri-ber. RECOMMENDATIONS. Miller's Mansion House, Sept, 19, 1844. Mr. R. Donavan-Sir: I have in use one of Hath away's Hot Air Cooking Stoves, which I got from you last Spring. It affords me much pleasure to recommend it for its excellence. So far as my knowledge extends, I have no hesitation in saying it is the best stove now in use. I need not particularize its merits. but would advise all disposed to possess an article of the kind, to adopt the best method of satisfying them-selves, that is, to try it; and I doubt not they will be

Washington Temperance House, Pittsburgh, Sept. 19, 1844. Mr. R. Donavon-Sir:-I have had in use for five nonths, one of Hathaway's Hot Air Cooking Stoves, and I have no hesitation in saying it is the best stove now in use. The various kinds of cooking it is calcufated to do at the same time, and the small quantity of fuel required, makes it an object worthy the attenof fuel required, makes it in the tion of all who desire a good stove.

THOMAS VARNER.

I embrace this opportunity to recommend the Hot Air Cooking Stoves; I have used the one you put up for me constantly all summer, and I must say it is a grand article. I believe it is superior to any other stove now in use in this city. The oven bakes well, and is large enough to bake four large loaves of bread at one time; it also cooks very speedily, and it requires very little coal, I think them worthy the attention of all who wish a good stove; to such I would say, try them and prove what they are.

STANDARD FAMILY MEDICINE. It is rapidly superseding the use of the many nostrums, which have so long imposed upon the community, which have obtained their name only by pulling and braggadocia, and which are now destined to be thrown aside to make way for the best cough medicine of the present age. It is not pretended that it will positively cure every case of the disease, for which it is designed, but it is honestly believed that in every case where it gets a fair chance it will effect a cure. Coming, then, before the people with the highest recommendations, it is at least, worthy of a trial by all who are afflicted with any of that large and dangerous class of diseases. The following is a specimen of the numerous testi-

Dear Sir-Having had occasion to witness the effect of Dr. Duncau's Expectorant Remedy on Mr Eli Young in a case of Pulmonary Consumption, I felt it my duty to make a brief statement in order that others that are or may be afflicted with the same complaint may be benefitted by the same remedy.

He was attacked with inflammation in the left lobe of the lungs in March 1843, attended with acute pain, great difficulty of breathing, and a severe cough, which proceded rapidly to suppuration; and not withstanding the use and application of the best remedies prescribed by our anthors, the complaint in a few days began to exhibit evident symptoms of ulceration.

In this distressing stage of the complaint, I had recourse to Dr Duncan's Expectorant Remedy for consamption, which had the effect of checking the discuse mmediately, and in a few days the pain ceased, the breathing became free and easy, the cough left him, and the expectoration subsided, the consequences of

Mr. Johnson, your agent at this place, thinks you would probably like an agent in Pennessee. If so, I would recommend Dr. A Carden, as a proper person to officiate for the sale of your calebrated medicine. Should you commission him he is willing to medicine. Should you commission him he is willing to act for you. You can rend the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Grainm & Houston, Tanwell, Rask Tennessee. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of medicine would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Biantwille, Sullivan County. East Tennessee; I can get some of the merchantate act for you as I live near there.
