Medicated Vapor Bath.

A LETTER FROM DRS. LAWREN HENRICKSON. New Lebanon, State of New York. WORTHY FRIEND:-Having made a thorough trial of the Medicated Vavor Bath for four months past, ir our societies in New Lebanon and Watervliet, we think it but justice to state, that we consider it a valuable improvement in the healing art. Its power in reduc-ing both chronic and acute inflamation, also in removing spasms, is certainly very great. In cases of ob structed perspiration, it is unquestionably the safest and best remedy that we have ever seen. Several persons in our society, who were scarcely free from a catarrhal affection during most of the winter months for several years past, have found permanent relief by sing the Bath a few times; and the predisposition to take cold, as it is commonly termed, seems to be wholly removed. Obstructed perspiration, is certainly in our changeable climate, one of the most fruitful sources of disease, and any remedy that is capable of removing the predisposition to it, must be considered

great blessing to mankind; and as such we do not hesitute to recommend the Medicated Vapor Bath.
