DOCTOR EDMUND LANDIS'S PATENT DOUBLE SPRING TRUSS. For the Melioration and Cure of Hernia. HUMANITY is deeply indebted to the ingenuity and perseverance of Dr Edmund Landis, a citi-sen of Lancaster, Pennsylvania, for a valuable improvement in the construction of the Truss for the melion tion of Hernia or Rupture, which, after being carefully tested by application to a number of patients, has never failed to give relief, and in most cases has proved successful in effecting a permanent cure.

This improved Truss has been submitted to the most

ter fair trial and examination, have concurred in procing it an important discovery, particularly as it nouncing it an impurtant unscovery, paradountly admits of perfect adjustment to the seat of the complaint, and of bearing with certainty upon the point where the pressure is required, without admitting of a chance of change or of shifting by any action of the consent, on the 23d of December, 1844.
