COPY OF A LETTER FROM DRS. LAWRENCE AND HERRICKSON. ion, State of New York. WORTHY FRIEND:—Having made a thorough trial of the Medicated Vavor Bath for four months past, in our societies in New Lebanon and Watervliet, we think it but justice to state, that we consider it a valuable improvement in the healing art. Its power in reducing both chronic and acute inflamation, also in removing spasms, is certainly very great. In cases of obstructed perspiration, it is unquestionably the safest and best remedy that we have ever seen. Several persons in our society, who were scarcely free from a catarrhal affection during most of the winter months. for several years past, have found permanent relief by using the Bath a few times; and the predisposition to take cold, as it is commonly termed, seems to be whol ly removed. Obstructed perspiration, is certainly in our changeable climate, one of the most fruitful sour-

ces of disease, and any remedy that is capable of reces of disease, and any remedy that is capable of removing the predisposition to it, must be considered a great blessing to mankind; and as such we do not hesitate to recommend the Medicated Vapor Bath.
