This improved Truss has been submitted to the most mirent members of the medical profession, who, after fair trial and examination, have concurred in pronouncing it an important discovery, particularly as it admits of perfect adjustment to the seat of the com plaint, and of bearing with certainty upon the point where the pressure is required, without admitting of a chance of change or of shifting by any action of the nuscles, hip or body, -the outer spring, which is very

elastic, only giving, by which arrangement every movement is accommodated.

The suffering and imminent danger to life consequent upon that most distressing of all complaints, Strangulated Hernia, need never be apprehended by persons who wear this improved Truss, and the patient may cherish a confident hope, that in consequence of the intestine or omentum never being permitted to protrude in the slightest degree, that the distended ring or opening will gradually contract, and a permaring or opening will gradually contract, and a perma-nent cure be effected, when the Truss may be dispens-

please the tastes of the public, but he would invite all to visit his establishment and judge for themselves.
