I would prefer to sell the above property. erty to a company, under the Charter, at a very low price, taking one half or one third of the amount in the stock of the company, thereby participating in its

increasing value.

The situation and buildings, are well suited for a Woolen Factory, having the indispensable requisites of an abundant supply of pure spring water, freedom from dust, and ample space for all the operations necessary in the manufacture of Flannels, Tweeds, fancy Cassimeres and other Woolen goods, (for which out farmers can furnish an abundant supply of wool.)—The buildings, dam, head-gates, &c., being up, the company would require little capital to do a profitable business, having the advantage of the latest improve-ments in machinery, and could go into operation im-mediately. They would have the advantage of a
