#### TUESDAY MORNING, MAY 13, 1845. PITTSBURGH BOARD OF TRADE. COMMITTEE FOR MAY.

F. Lorenz, J. May, Geo. Ogden. Yesterday was the first really hot day we have

had this season, and in truth it was a scorcher. There were but few persons who had business on the street that did not appear to be in the "melling mood," and nothing seemed to be so grateful to the wearied pedestrian as to recline, for a few moments, on a box on the shady side of the streets. The dust from the burnt district will render any place within two squares of it, extremely disagreeable during the ensuing summer. and nothing but the active attention of the Street Com missioner with his corps of sprinklers, can render the neighborsood at all endurable.

MARINE HOSPITAL .- The Secretary of the Treasury having applied to the War Department for an officer to superintend the building of the Marine Hospital at this place, we learn that Captain John Sanders, of the corps of Engineers, has been ordered to report to the Treasury Department for that Duty.

We are indebted to our friend, Dr. J. R. M'CLINTOCK, of Philadelphia, for a copy of the 12th THE public are respectfully informed that the prorietors of the Steam Boat Lake Erie have from and annual Report of the Managers of the Pennsylvania Inafter this date changed their hours, and in future will stitution for the instruction of the Blind. The number of pupils in the institution at present is as follows:

- Females,
- Males, Total,

The Institution appears to be in a very flourishing Erie; their course has been and now continues in fu'l condition, and the managers speak in the most cheervigor to monopolize the whole business; they were not ing tone of its increasing usefulness. satisfied with having the lion's share of trade and

choice of hours in leaving Pittsburgh and Beaver, but The income of the Institution for 1845, is estim now publicly and plainly say they will drive the Lak ted at \$16.924 38. Erie from the river-a generous public will decide .-Freights and passengers for all ports on River and Lake.
