SINGULAR.—At the Camden race course on Wednesday, a pocket book containing promissory notes for about $4000 was slipped into the pocket of a gentleman who was present. It was the same day placed at the mayor's office in Philadelphia. One of the police officers after considerable search found the owner, when it was ascertained that the pocket book had been stolen by a pickpocket and forty dollars in money taken from it.

Died,

On Thursday afternoon, June 5th, of consumption, at 55 minutes past 4 o'clock, after a long illness which she bore with Christian fortitude, Miss Nancy, daughter of William and Jane McGowin, in the 23d year of her age. The deceased was a full member of the Presbyterian Church, and died happily in the full belief of the saving mercy of Christ. The friends of the family are respectfully invited to attend her funeral this afternoon at 5 o'clock from the residence of her father, foot of Hand street.

ARRIVAL OF THE

STEAM SHIP

CAMBRIA.

We are indebted to Mr MOORHEAD the obliging agent of the Monongahela Line, for copies of English papers of the 20th of May, brought by the Cambria. The news brought by this arrival is not very important.

The Caledonia arrived in Liverpool at midnight on the 13th after a passage of 12 days! In 7 hours afterwards, her news was published in London.

The Queen will not visit Ireland this year. This is finally settled.

On Friday, the 16th, in Parliament, much anxiety was manifested to hear the announcement of the Government plan for the establishment of new Colleges in Ireland.

Sir J Graham's statement was very long, but its leading features may be comprehended within a brief compass. It is proposed to establish three provincial Colleges, one at Cork for the South, one at either Galway or Limerick for the West, and one at either Belfast or Derry for the North. The cost of establishing these Colleges will be about £100,000, and the annual Government grant for their maintenance is to be £18,000, being £6,000 for each.

It is still uncertain whether the Roman Catholic Bishops will give in their adhesion to the Government plan for the erection of three Colleges in Ireland, minus religious instruction. Mr. O'Connell has declared against the plan.

A line of packets to run between Southampton and New York has been formed. The first vessel will leave the former place on the 10th inst.

The third reading of the Maynooth bill was to have taken place in the Parliament on the 19th ult. It may have been prevented by a long debate.

The Funds.—As if by common consent, the apprehensions of a collision between Great Britain and the United States, respecting the Oregon question, have all but died away, and the natural effect upon the Public Securities has been to enhance prices. As yet, however, the advance is comparatively limited—say from 3-8 to 1 2 per cent. There is, however, always a wheel within a wheel in political affairs.

Poland is still in a disturbed state; at Warsaw the prisons are daily increasing the number of their victims. The espionage is more rigorous than ever; and the danger of correspondence by letter is greatly augmented.

The *Algerie* states that the greatest anarchy reigns in the empire of Morocco, and that the people of the south are in open insurrection.

Mr Ashbel Smith, the Texan Charge d'Affaires.—There appears to be some misapprehension as to the precise character in which Mr. Ashbel Smith has returned from Texas to this country. The facts are, we believe, simply these:—Mr. Smith was it may be recollected, up to a very few months ago, Charge d'Affaires of Texas, both in London and Paris. After an absence of some years from Texas, he solicited his recall. His request being granted, he left England. He was replaced in the Texan mission to Europe by General Terrell, late Attorney-General of Texas.—This appointment was made by President Jones, when the Congress of Texas was not in session, and on its assembling did not receive the approval of the Senate, and consequently became void.

President Jones has therefore, re-appointed Mr Ashbel Smith, and that gentleman consequently assumes the ordinary diplomatic functions of the mission, and has not arrived in any special character.

OREGON.

In an article headed "Our Relations with America," Wilmer and Smith's Times hold the following language.

"We have given elsewhere the spirit of the English press on the news which the "Caledonia" brought home last week, and our American friends can hardly fail to be gratified with the calm and dispassionate temper in which the subject is treated.

Hopes are entertained that he intimation conveyed in one of the New York papers, that a special minister—probably Mr. Van Buren—had been selected to proceed to the Court of St. Jame's, for the purpose, if possible, of satisfactorily arranging the point in dispute. We can only repeat what we have previously stated, that on the part of the British nation no desire exists to measure lances with the United States about the Oregon territory."

W. B. BOYD, Master, has commenced her regular daily trips, leaving Pittsburgh (as heretofore) at 3 o'clock. P. M. and Beaver at 8, A. M. Prices to suit the times, and those who have no money carried free.

We would further state, that we are authorised to pay any one $100 who will open the lock without the key.
