THOS. PHILLIPS & WM. H. SMITH, EDITORS. PITTSBURGH, WEDNESDAY, JULY 9, 1845.

THE GAZETTE ON ANNEXATION. -Yesterday morngreat amount of very indefinite indignation is expende many years to come." ed to no purpose. After denouncing all who opposed nunciation, pronounces it an "adulterous marriage," meaning to charge, we suppose, that "Uncle Sam" and the little jade that jilted Mexico, have committed be, he will be justly chargeable of having uttered a slander against the parties, which might result in very

unpleasant consequences to himself. The editor has found out, by some means, that the abolitionists had something to do in bringing about this "marriage," and direful is his denunciation of them. They are told to "throw up their hats and screech," to shout loud enough to drown the "groans" of certain individuals, whom the Deacon's fanciful imagination sees sweating, growning, bleeding and dying upon the burning soil of Texas, and then, with a generosity it was at length proposed by one that they decide the

sonally, no objection to annexation, but on the contrary would be glad to see it." The Deacon reflected—
ror, will ask if he is good at a "raffle," or at tossing troops, as soon as he perceives the Christians victorious, points his artillery against them, loaded with perceives the contral to glad to see it."

and confined to my room for two months, and was thus require to the flight.

The Deacon reflected—
coppers. standing with the fifteen whigs, to be glad also, and to Merchants who have signed the petition to shut up to "screech" for the measure that rejoiceth the their stores in the avening at 8 o'clock, during the sumheart of the owner of the "fat and sleek" slaves." mer. and at 7 in the winter. Saturday evenings ex-Yes, thought the Deacon, Texas is now admitted, Mr. Barrows & Turner, Chay is glad, the fifteen whigs are glad, and I must be Abasiom M.

With this conclusion he suddenly changes his tone; Goo S Swartz, he forgets all about the "adul erous marringe," and calls upon the whigs to rebuke all who shell dare to Alexander & Day, say ought against the union. He tells them to "say C T Russell, to the combined enemies of this glorious Union, RH Palmer, (meaning, of course the Union of the United States Samuel Spencer Henry Earle, and Texas)—the ultras of the North and South—by Jno B McFadden & Co. your future gigantic efforts, that the 'Union must and James Golling. shall be preserved,' and that liberty and law shall no W V Rubinson longer be trodden under foot,"

There is the declaration of the Gazette in favor of WR Murphy, www.wilson. the measure; it is no doubt sanctioned by the fifteen gen-Bosworth & Forrester, tlemen to whom we have referred on several occasions. Johnston & Stockton, and we suppose it may be considered as an indication Robt Carter, that that portion of the whig party is no longer opposed White & Brother,

Shir Canal.—The people of Illinois are in a state hours: egreat excitement about the proposed Ship Canal, Willock & Davis. between the Illinois River and the waters of the Lakes R H Peebles, at Chicago. They have held several public meetings W H Garrard, on the subject, at which most of their leading men actended, and urged the necessity and advantages of this national improvement with much ardor.

The policy of a Ship Canal, to connect the western waters with the Lakes, is a favorite project with many of our most intelligent and experienced Engineers, and the explanations they give of the great advantages that would be derived from such an improvement, are, to our minds, conclusive. We are pleased to see the too our minds, conclusive. We are pleased to see the too our minds, conclusive. We are pleased to see the too our minds, conclusive. The transportation of these that the former contains 103 vessels of 28,000 horse-power; that of the latter 140 vessels of 34,500 horse-power; that of the latter 140 vessels of 34,500 horse-power. An electric gun was exhibited in London, a few days since, which fired 1,000 balls a minute. The mode of operation is a recret, but is supposed to be by mode of operation is a recret, but is supposed to be by an explosion of gases.

At a meeting of the Commanders of the Volunteer contains 103 that the former contains 103 vessels of 28,000 horse-power; that of the latter 140 vessels of 34,500 horse-power; that of the latter 140 vessels of 34,500 horse-power. An electric gun was exhibited in London, a few days since, which fired 1,000 balls a minute. The mode of operation is a recret, but is supposed to be by discipline, habituated vigilance and exposure, are well trained to the peculiar duties of steam vessels, and from provement. Likewise Godfreys, cordial, rutes, potators, and other garden stufs. . The policy of a Ship Canal, to connect the western
