HATHAWAY'S Patent Hot Air Cooking Stoves. HE subscriber having entered into the stove busi mess in Pittsburgh, respectfully informs the pub

that he intends carrying it on in its various branches it the warehouse No. 124 WOOD STREET, above Fifth street, where he will be prepared to supply purchasers with any articles in his line. In addition to other Stoves which he will have on hand, he has obtained the right to manufacture and sell Hathaway's Patent Hot Air Cooking Stoves. This stove is pro-neunced superior to any other now in use in the United States; it is more durable in its construction, and better adapted to the use of baking, roasting and cooking, as it is heated very regularly by confining the air in the stove; and it is a great saving of fuel as well as labor. I will keep on hand a sufficient number to supply all demands if possible; I have five different sizes, Were all selected by himself with great care in the Church Colony. A good part of this land overlooks and will sell them on reasonable terms, according to sizes. I have now in use upwards of fifty in and about this city; all put in use within six months. Being aware that the People of Western Pennsylvania hav been imposed upon by the introduction of new and highly recommended Stoves which were badly constructed, and havirg soonfailed and become useless. I will grant to persons wishing to procure the Hot Air Stove, the privilege of using it a sufficient length of time to prove its superior quality before I ask them to purchase. Persons notifying me from a distance by letter, can have stoves put up at any time, as I have wagons to Than any of his competitors.
