GREAT IMPROVEMENT ON PIANO FORTES

THE HARMONIC ATTACHMENT. HE subscribers respectfully announce to the public, that they have purchased of E L Walker, the nventer of the Harmonic Attachment, the right of manufacturing and applying the same to their Piano

This beautiful and valuable invention surpasses any ano Forte to it, not doubting it will recommend itself to them, as it has to the following distinguished individuals at Washington, upon its introduction, who speak of it in the following commendatory terms: "We had the pleasure, a few evenings since, of witessing an improvement in the Piano Forte, invented by Mr E L Walker, of Carlisle, Pennsylvania, in which Gold. stituting one of their greatest beauties, (viz: the pro-

most gratifying improvements in the art of music we mave ever known. The introduction of the harmonic nes not only increases to a great degree the capacity f the instrument, but is of itself pleasurable in a high legree—the tones having that peculiar effect which gives so much grace to the harp, guitar, &c., and producing a delightful variety which can be employed at the will of the performer by a single pedal action. "This beautiful invention must work a revolution in Piano Fortes and in the arrangement of music for that instrument, for it gives to the performer the power of i-playing taste and skill to a much greater extent than pon the ordinary Piano Forte.
