PITTSBURGH, PA.

COMMITTEE FOR AUGUST.

FRIDAY MORNING, AUGUST 1, 1845. PITTSBURGH BOARD OF TRADE.

J. Carothers, T. J. Bigham, Joshua Hanna. "SET YOUR WATCHES RIGHT .- The attention of our readers is respectfully directed to the advertisement of Mr W. W. Wilson, Watch Maker, No 57 Market street. It will be seen that Mr W. has just received from London, a recently invented instrument, called the Dipleidoscope; "by which true time can be obtained, either from the sun or stars, to a fraction of a second." It is truly a very important and useful invention.

Cotton Manufacturing .- There is a perfect buz among all the papers around us on the subject of Cot-ton Factories, superinduced by the success of the Lancaster people in establishing their "Conestoga Steam Mills Manufacturing Co" We are right down glad to see the newspapers take hold of this matter arnest, and endeavor to make their people are the benefits to be derived from this branch of productive industry. Pennsylvania ought to be the first manufacturing State in the Union, and it only requires our citizens to be awakened to a sense of this fact and the golden harvest to be derived from it, to bring about "e consumation so devotedly to be wished for." newspapers keep on and "agitate-agitate-agitate," until the whole State becomes alive with the spindle and the reel. We shall be in fact the Keystone of the Federal arch, when this branch of manufactures shalf be added to our iron. Let us, then, "keep up the fire,"—Col. (Pa.) Spy.

On yesterday, at 12 o'clock, Andrew Fleming. sor of John C. and Agness Parry, aged 1 year. The funeral will take place this afternoon, at five o'clock, from their residence on Chatham street, near Wylie street.

MASONIC NOTICE. A Special communication of Lodge 45, A Y Masons, will be held this evening, at the hall, corner of Wood street and Virgin allow street and Virgin alley.

Prospectus of the New Library of Law and Equity,

UNDER the direction of Francis J. Trougar.

Esq. of Philadelphia, Hon Ellis Lewis, of Lancaster, and Wilson M'Candless, Esq. of Pittaburgh.

This work contains the best productions of English law authors, without regard to priority of claim on the part of any American publisher. Such books are now notoriously too dear. The reason is, that as fast as they appear they become monopolies in the hands

The undersigned having used for two years Dyott's Patent Pine Oil Lamps in his Hotel, the Bullyer House, can recommend them as the most economical and brilliant light that can be produced by any article now in use. Before I commenced lighting the louse with the Pine Oil, I was using the Gast but after a trial of the above Lamps, I was so much pleased with the light, and convinced of their economy; that I had the Gas removed and burn the Pine Oil is its place.

Under the plea of right acquired by the addition of notes of American an decisions, the latter claim an undivided title to lose works, and set a burthensome price on them. The publishers of the work now offered to the profession throughout the Union, will not respect such titles, but will re-print the standard British law books as first as they eminate from the London market. Should new editions of the works of such writers as Starkie, the Chittys, Stephen and Archbold, appear, they shall not easily taken care of, and we believe them as safe new editions of the works of such writers as Starkie, the Chittys, Stephen and Archhold, appear, they shall also be included; and Digests of Equity and Law decisions—works which have been studiously kept out of the Law Library published at Philadelphia—shall have a place in the proposed new one, together with every new valuable English treatics on Chancery or Common Law.

It is not works of such writers as Starkie, they shall have ever sten. They are simple in their structure, and easily taken care of, and we believe them as safe light as can be produced from any other Lamp, and much cheaper than any other kind of Oil.
