No. 124 WOOD STREET, ABOVE FIFTH H产工HAWAY'S Patent Het Air Cooking Stoves.

HE subscriber having entered into the stove bus ness in Pittsburgh, respectfully informs the pub that he intends carrying it on in its various branches at the warehouse No. 124 WOOD STREET, above Fifth street, where he will be prepared to suppl purchasers with any articles in his line. In addition to other Stoves which he will have on hand, he has obtained the right to manufacture and sell Hathaway's Patent Hot Air Cooking Stoves. This stove is pro-nounced superior to any other now in use in the United States; it is more durable in its construction, and better adapted to the use of baking, reasting and cooking, as it is heated very regularly by confining the air in the stove; and it is a great saving of fuel as well as labor. LIGHT IS COME! New Sperm, Lard and Pine Oil Lamp Store

THE subscribers having opened a store, No 8 St Clair street, (west side) for the sale of Lamps Oils, &c., respectfully invite the attention of the in-habitants of Pittsburgh, Allegheny and the surround-ing country generally, to their stock of Lamps, before rchasing elsewhere. Our arrangements with the anufacture are such that we can safely say, we are prepared to light in the most brilliant and econom monner, Steamboats, Hotels, Public Halls Churches, Stores. Shops, Parlors, Bridges and Streets, as well as the more "dark and benighted corers, or any place where brilliancy, neatness and strict econemy is desired. Among our means for letting our "light shine," may be found the following Lamps for burning Lard, Lard Oil and Sperm Oil, viz:

Hang Lamps and Chandeliers, (2 to 4 branch)
For lighting Stores, Public Halls, Churches, Ho; els
and steamboats. Stand and Centre Table Lamps, (various patterns nd prices,) for Parlors.
Reading and Work Lamps.

Side and Wall Lamps, Glass and Tin Hand Lamps The above are mostly Dyott's Patent Lamps; with ouble shelled fountain, and otherwise an improvement upon any lamp now in use, which can be perceived at once by examination. Also, glass Trimmings for lamps, such as Globes, Chimneys, Wicks, &c. LAST, THOUGH NOT LEAST.

Dyott's Patent Pine Oil Lamps, such as Hanging mps and Chandeliers, (2 to 6 branch.) Stand and Centre Table Lamps, (Glass Fronts with r without drops,) Street lamps for lighting streets and bridges.

As we cannot describe the various patterns, we cordially invite the public to examine them. We affirm that in brilliancy, cleanliness and economy, no light now inuse will bear comparison with these lamps and Pine Oil. They are as safe to use as sperm or Lard Oil. Although some are endeavoring to identify this article with the old camphine and spirit gas, (by the use of which accidents have occurred,) we assert this to be another and differen article, and that no accidents have occurred during the extensive use of this article a Philadelphia for four years. These Lamps will produce as much light, with as nuch neotness and more brilliancy, and 25 per cent.

If any one doubts statements we have, or may here after make, we would say, we have commenced our business in Pittsburgh, and knowing the merits of the articles we offer to the public, we are willing to hold purselves accountable at all times for our statements and are willing to put to test our Lump-dollars and cents,—testing economy—and the public decided of the neatness and brilliancy of the light. We have many testimon ials from residents of Phila-
