WAR WITH MEXICO.

JOSEPH E. M'CABE, Favette.

The Administration, we are pleased to learn is resolved to act with promptness, and be fully 737 50. prepared to make short work of a war with Mexico. should that power inadly determine upon such a course. Should Mexico declare war, and it is now generally believed that she will, it is the true policy of our govarmient, to meet her at the onset with a force that cannot fail of success. We commenced the war of 1812 entirely unprepared, and the consequence was, that we sufficient very much during the first six months, and we have no doubt the advantages gained by our enemy at its commencement, prolonged its duration. It is in wise to underrate the enemy; cencede to him all the force herein claim, and prepare promptly to Herald, of the 19th inst., says while we have been faren of 6000 yards. Suppose this basin to be docked en three sides, it will cost for a very good dock \$2 per

EXTENSION OF PITTSBURGH,

Rare Chance for good Investments! THE subscriber has laid out, and now offers for sale at reasonable prices and on accommodating terms, One hundred and ten building Lots, on that handsome level ground between Braddock street and the Monongahela river. They are about one-third of a mile from the city lind, and are situated in that part of the first city district which will probably soon be annexed to the cit, as the Seventh Waid. No pro-perty in the subart possesses superior advantanges, nor has any heretomre been laid out with so liberal an ab lowance of wide streets; Braddock is from one hundred and twenty to about one hundred and ninety feet wide, and Berlen, Commerce, Brady, Columbus and Water streets all wide avenues. Most of the lots have Water streets all wide avenues. Most of the formula wave for fronts, and as they are of various sizes, and will be sold, one lot, with the privilege of four or five; early applicants can be accommodated to suit their own at 15 and 31, worth 56 cts.

Rich French Bulzarines at 31 cts., worth 75; mly eligible route for a Rail Road from Pittsburgh to the East. Coal can be delivered on this property at a much less cost than on the Allegheny river, and there is always deep water at this part of the river.
