PITTSBURGH, PA.

SATURDAY MORNING, SEPTEMBER 13.

PITTSBURGH BOARD OF TRADE.

COMMITTEE FOR SEPTEMBER.

W. H. Denny, J. F. Kelly, Josiah King.

CORRESPONDENTS.

In reference to communications which may appear in this paper, we have one of two remarks to make.—We will insert none without the name of the author being first made known to us, and when inserted, must always be taken as expressive of the views *of the writer*, and not the editor of this paper, unless the views so expressed are editorially remarked upon and approved.

S. M'KEE & Co's, VIAL AND BOTTLE FACTORY.—The attention of our readers is directed to the advertisement of S. M'KEE & Co., in another column. It will be seen that they have re-built, and removed to their Warehouse on Second street, in Pittsburgh. The building is splendid—20 feet front, and 80 feet in length, and three stories in height. In addition to the above Warehous, Messrs S M'Kee & Co., have also erected in Birmingham, a VIAL AND BOTTLE FACTORY; this is said to be one of the best establishments of the kind in the country. It has been in operation about two weeks, and in every thing more than realizes the expectations of the enterprising owners. Adjoining the Vial and Bottle Factory, they have also a large establishment for the Manufacture of window glass, &c. Persons desirous of purchasing articles in their line, would do well to give them a call.

THE THEATRE.—Miss *Lewis* has arrived, and will make her first appearance, for the season, to-night, as *Bianca*, in Milman's Tragedy of the Italian Wife. During the evening two excellent pieces will be produced, and the principal characters sustained by performers of undoubted talents.

☞Our readers will bear in mind that a brick Dwelling House and Lot of Ground, corner of Wylie and Chatham streets, belonging to Thos. Cullingwood, Esq., will be sold on the premises this day, at 3 o'clock, by M'Kenna. Also, this evening, at 8 o'clock, at M'Kenna's auction rooms, a valuable Lot of Ground, in the 5th Ward, on the bank of the Allegheny, opposite the old Toll Gate, belonging to Mr George Mullen, on which there is erected two Brick Dwellings.

VIOLATION OF THE POSTAGE LAW.—Notwithstanding the low rate of postage, attempts are still made to evade the law. Suits have been instituted in the U. S. District Court, New Orleans, against the officers and owners of four different steamboats, trading to that port, for a violation of the provision of the law regulating postage, which forbids the conveyance and delivery of letters, pamphlets &c., out of the mail. The penalty is $50 for each offence.

THE THEATRE.—Last nights performances were truly excellent. The Drama of *Lucille*, was performed in every part with great spirit and judgment. The attendance was very fair, and we know the audience were delighted.

BY LAST NIGHT'S MAIL.

From the Baltimore Clipper.

ARRIVAL OF THE

STEAM SHIP

GREAT WESTERN.

FOUR DAYS LATER FROM EUROPE.

The steamer Great Western arrived at New York on Tuesday afternoon in seventeen days from Liverpool. She sailed on the 23d ult. and experienced constant and heavy westerly gales. We make up the following summary from the New York Herald, received last night through Adams & Co's Express, one hour in advance of the mail, by the freight train from Philadelphia.

One hundred and forty-five passengers have come out in her—a larger number than ever before came in an ocean steamer.

There is no news of importance from Ireland.

There appears to be no particular change in the Cotton Market.

Affairs in France are apparently quiet.

There has been a very serious religious riot at Leipsic.

Advices from Switzerland state that affairs in that unhappy country are now near a close. It will be hastened by the dispersion of the Diet.

The weather continued unfavorable in England.

Queen Victoria's rambles on the continent, continue.

The demand for Canadian Corn was active, in consequence of the unsettled state of the weather.

The Overland Mail arrived on the 21st ult., the commercial accounts by which possess no striking feature, and may, upon the whole, be considered unfavorable. Exchange was brisk, and freights for England had improved. The cotton was sweeping over Western India, and hurrying its convicts to their last account. At Lahore the mortality was dreadful—bordering on 30,000. From China there is nothing new.

Some dissatisfaction has been expressed by the holders of Pennsylvania stock, that faith has not been quite kept with them in the matter of their bonds.—The payment of the interest, they gratifyingly acknowledge, has been resumed, and provision has been made for the payment of the arrears, but the certificates of the new stock bear interest at the rate of 4½, whereas the former were at the rate of 5 and 6 per cent.

Rise in the price of Sugar. Although the quantity of sugar received from the West Indies, the Mauritius and the East Indies, is greater this year than it has been for many years previously, yet the prices of all kinds of sugars still continue in advance. This apparently owing to the failure of last year's crop in the island of Cuba, and partly to the great increase of the consumption in this country since the reduction of the duty. Owing to the former cause the British refiners have got the supplying of the Russian market as well as their own, and it report speaks true they are making fortunes rapidly; and owing to the latter cause, the increased supply to the English market is barely equal to the demand.

The Night Harvest. Whatever may be the result of the present harvest, it is, we believe, quite unsatisfactory, that so far as human exertions can go, much more has been done in the last year to obtain a good produce from the land than was ever done before. We are not without strong hope that even yet a fair crop will be obtained this season, certainly inferior in quality to that of last year, but probably considerably more in quantity.

Serious religious riots at Leipsic. Accounts from Germany give a deplorable account of the state of Saxony and the state of Germany, in consequence of the religious excitement which prevails in that country, and which is every day increasing.—on the 12th of August a very serious riot broke out at Leipsic, and, according to the latest accounts, that city was still in a state of the greatest excitement.

☞The St. Louis Reporter of the 9th, says: The Harry of the West is said to be in a perilous condition at Island No 63,—leaking badly and compelled to discharge her entire cargo.

The undersigned is prepared to sell at a reduction of over ten per cent. under last year's prices. He is also prepared to manufacture Clothing of all kinds to order, after the most approved Eastern and Paris fashions, (which he receives monthly) at the shortest notice, and on the most reasonable terms. The subscriber would say, that though he never has crooked a leg on *shop board*, he can get up a better fitting, and a better made garment, than some of those who, after spending the greater part of their lives cross legged, are so ignorant of the fitting department as to be obliged, when they want a coat for themselves, *to* call in a *crook* to cut it for them, for want of *ability* to do it themselves. He would caution the public against being humbugged by those who talk so largely about competition from those who never noticed them, until within a few days his attention was directed to an advertisement in one of the papers, written by some conceited *person* whose appearance might be improved by *using* some of the *soap* he talks so much about.

The subscriber has made an arrangement in New York by which he will receive, in the course of a few weeks, a large supply of Shirts, at prices varying from 50 cents to $3,00. Country merchants and others wishing to purchase by the case or dozen, will have their orders, if accompanied by the *cash*, attended to with promptness and despatch. Thankful for the very liberal patronage extended me during the short time I have been in business, I am determined to sell new and good clothing at such prices as will render it to the advantage of purchasers to call at the NATIONAL CLOTHING STORE before going elsewhere.

JAMES B. MITCHELL.

☞25 or 30 good hands will receive good wages and constant employment, by calling soon at the National Clothing Store. None need apply but those who can come well recommended as being able to do the best work. JAMES. B. MITCHELL,
