Conducted on Sabbath-keeping principles.

THE Proprietors of the old established Line have thoroughly recruited and renewed their stock, and are well prepared to forward Produce and Merchandise on the opening of navigation.

The long experience of the Proprietors in the carrying business, with their watchful attention to the interests of customers, induces them to hope that the patronage heretofore extended to "Bingham's Line" will be continued and increased.

Deeming the usual self-glorifying style of advertising too absurd for imitation, and believing that with former customers we need no self-commendation, we would merely invite such as have not heretofore patronised our Line, to give us a trial.

Our rates of freight shall at all times be as low as the lowest that are charged by other responsible Lines.

Produce and Merchandise will be received and forwarded without any charge for advertising, Storage or Commission. Bills of lading promptly forwarded, and every direction carefully attended to.

Cancer, Scrofula, &c.

AMPLE experience has proved that no combination of medicine has ever been so effectual in removing the above diseases, as JAYNE'S ALTERNATIVE, or Life Preservative. It has effected cures that have been truly astonishing, not only of Cancer and other diseases of that class, but has removed the most stubborn diseases of the Skin, Swelling, Liver Complaint, Dyspepsia, &c., &c.

This medicine enters into the circulation and eradicates diseases wherever located. It purifies the blood and other fluids of the body, removes obstruction in the pores of the skin, and reduces enlargements of the glands or bones. It increases the appetite, removes headache and drowsiness, invigorates the whole system, and imparts animation to the diseased and debilitated constitution. There is nothing superior to it in the whole materia medica. It is perfectly safe and extremely pleasant, and has nothing of the disgusting nauseas accompanying the idea of swallowing medicine.

Caution.

The advantage and right of *Sugar Coating Pills* belong *exclusively* to *Dr. Smith*, as will be seen by the following:

PATENT OFFICE.

Received this 17th day of June, 1844, from Dr. G. Benjamin Smith, the fee of $30, paid on his application for a Patent for a "Pill coated with Sugar."

H. L. ELLSWORTH, Commissioner of Patents.

The following Certificate is from the first Druggists and others in New York, given in 1844, making it more than two years ago.

We, the undersigned, never saw or heard of "*Sugar Coated Pills*," until Dr. G. Benjamin Smith manufactured and exhibited them to us about a year since.

Horace Everett, 96 Hudson street.
John Coatree, 97 Hudson street.
D. Sands, 79 Fulton street.

Unless a Pill is a *good medicine*, what is the Sugar good for? Some 10 or 15 ignorant adventurers have an idea, from the great success of Dr. G. Benjamin Smith's Pills, that if they only put a coating of sugar on *any thing* it will *sell* as rapidly as these celebrated Pills do. Some of them find their mistake and even offer their trash at 6d per box.

To avoid all *imposition*, let the public examine *every box*, and if G. Benj. Smith is *written* with a *pen* on the *bottom*, the Pills are good.

The Sugar Coated Indian Vegetable Pills.

AUGUST 2nd, 1845.

Your Pills are a superior article, as I can well assure you from my own experience. When I am attacked with my old complaint; the pleurisy, usually preceded by the bilious fever, I always find them a sovereign remedy a sure preventive. Your Pills should be kept in every family, and if seasonably taken they will prevent much sickness and save much expense. Truly yours,

CONGRESSIONAL UNION AND APPENDIX,

&c. &c.

THE undersigned respectfully inform the public that, with the approaching session of Congress, they will begin the publication of the "Congressional Union and "Appendix." The first will contain a full and accurate history of the daily proceedings of both branches of the national legislature. It will be compiled with such care that every citizen who is interested in the public affairs will find in a complete synopsis of their proceedings, and a ready book of reference upon all questions which come before them.

The second (the "Appendix") will contain every speech which is delivered in the House of Representatives and Senate during the session, reported at length, by a full and able corps of congressional reporters, and revised before publication by the authors, when it is requested. These works will be strictly impartial and are intended to be as interesting and useful to the man of business, and to the politician of one party, as of the other.

We feel a deep sense of gratitude for the prompt manner in which our political friends in every section of the country have already come forward to sustain the "Union."

HATHAWAY'S

Patent Hot Air Cooking Stoves.

THE subscriber having entered into the stove business in Pittsburgh, respectfully informs the public that he intends carrying it on in its various branches at the warehouse No. 124 WOOD STREET, above Fifth street, where he will be prepared to supply purchasers with any articles in his line. In addition to other Stoves which he will have on hand, he has obtained the right to manufacture and sell Hathaway's Patent Hot Air Cooking Stoves. This stove is pronounced superior to any other now in use in the United States; it is more durable in its construction, and better adapted to the use of baking, roasting and cooking, as it is heated very regularly by confining the air in the stove; and it is a great saving of fuel as well as labor. I will keep on hand a sufficient number to supply all demands if possible; I have five different sizes, and will sell them on reasonable terms, according to sizes. I have now in use upwards of fifty in and about this city; all put in use within six months. Being aware that the People of Western Pennsylvania have been imposed upon by the introduction of new and highly recommended Stoves which were badly constructed, and having comfailed and became useless, I will grant to persons wishing to procure the Hot Air Stove, the privilege of using it a sufficient length of time to prove its superior quality before I ask them to purchase. Persons notifying me from a distance by letter, can have stoves put up at any time, as I have wagons to carry them out; I therefore invite Farmers and all persons to come and judge for themselves; also to try them and prove that it is to your advantage to have one. All orders will be promptly attended to by the subscriber. ROBERT DONAVAN.

RECOMMENDATIONS.

Miller's Mansion House, Sept. 19, 1844.

Mr. R. DONAVAN—Sir: I have in use one of Hathaway's Hot Air Cooking Stoves, which I got from you last Spring. It affords me much pleasure to recommend it for its excellence. So far as my knowledge extends, I have no hesitation in saying it is the best stove now in use. I need not particularize its merits, but would advise all disposed to possess an article of the kind, to adopt the best method of satisfying themselves, that is, to try it; and I doubt not they will be satisfied. D. R. MILLER.

Washington Temperance House, Pittsburgh, Sept. 19, 1844.

Mr. R. DONAVAN—Sir:—I have had in use for five months, one of Hathaway's Hot Air Cooking Stoves, and I have no hesitation in saying it is the best stove now in use. The various kinds of cooking it is calculated to do at the same time, and the small quantity of fuel required, makes it an object worthy the attention of all who desire a good stove.

THOMAS VARNER.

☞ I embrace this opportunity to recommend the Hot Air Cooking Stoves; I have used the one you put up for me constantly all summer, and from me, it is a grand article. I believe it is superior to any other stove now in use in this city. The oven bakes well, and is large enough to bake four large loaves of bread at one time; it also cooks very speedily, and it requires very little coal; I think there is worthy the attention of all who wish a good stove; to such I would say, try them and prove what they are.

The undersigned is prepared to sell at a reduction of over ten per cent. under last year's prices. He is also prepared to manufacture Clothing of all kinds to order after the most approved Eastern and Paris fashions, (which he receives monthly) at the shortest notice, and on the most reasonable terms. The subscriber would say, that though he never has resorted a leg on *shop board*, he can get up a better fitting, and a better made garment, than some of those who, after spending the greater part of their lives cross legged, are so ignorant of the fitting department as to be obliged, when they want a coat for themselves, to call in a *crook* to cut it for them, for want of *ability* to do it themselves. He would caution the public against being humbugged by those who talk so largely about competition from those who never noticed them, until within a few days his attention was directed to an advertisement in one of their papers, written by some conceited person whose appearance might be improved by using some of the *soap* he talks so much about.

The subscriber has made an arrangement in New York by which he will receive, in the course of a few weeks, a large supply of Shirts, at prices varying from 50 cents to $3,00. Country merchants and others wishing to purchase by the case or dozen, will have their orders, if accompanied by the *cash*, attended to with promptness and despatch. Thankful for the very liberal patronage extended me during the short time I have been in business, I am determined to sell new and good clothing at such prices as will render it to the advantage of purchasers to call at the NATIONAL CLOTHING STORE before going elsewhere.

LIGHT IS COME!

New Sperm, Lard and Pine Oil Lamp Store

THE subscribers having opened a store, No 8, St Clair street, (west side) for the sale of Lamps Oils, &c., respectfully invite the attention of the inhabitants of Pittsburgh, Allegheny and the surrounding country generally, to their stock of Lamps, before purchasing elsewhere. Our arrangements with the manufacturers are such that we can safely say, we are prepared to light *in the most brilliant and economical manner, Steamboats, Hotels, Public Halls, Churches, Stores, Shops, Parlors, Bridges and Streets*, as well as the more "dark and benighted corners, or any place where brilliancy, neatness and strict economy is desired. Among our means for letting our *"light shine,"* may be found the following Lamps for burning Lard, Lard Oil and Sperm Oil, viz:

Hanging Lamps and Chandeliers, (2 to 4 branch) For lighting Stores, Public Halls, Churches, Hotels and steamboats.

Stand and Centre Table Lamps, (various patterns and prices,) for Parlors.

Reading and Work Lamps.

Side and Wall Lamps, Glass and Tin Hand Lamps &c &c.

The above are mostly Dyott's Patent Lamps, with double shelled fountain, and otherwise an improvement upon any lamp now in use, which can be perceived at once by examination. Also, glass Trimmings for lamps, such as Globes, Chimneys, Wicks, &c.

LAST, THOUGH NOT LEAST.

Dyott's Patent Pine Oil Lamps, such as Hanging lamps and Chandeliers, (2 to 6 branch.)

Stand and Centre Table Lamps, (Glass Fronts with or without drops.) Street lamps for lighting streets and bridges.

As we cannot describe the various patterns, we cordially invite the public to examine them. We affirm that in brilliancy, cleanliness and economy, no light now in use will bear comparison with these lamps and Pine Oil. They are as safe to use as sperm or Lard Oil. Although some are endeavoring to identify this article with the old camphine and spirit gas, (by the use of which accidents have occurred,) we assert this to be another and differen article, and that no accidents have occurred during the extensive use of this article in Philadelphia for four years.

These Lamps will produce as much light, with as much neatness and more brilliancy, and 25 per cent. less than any other light now in use, not excepting Gas.

If any one doubts statements we have, or may hereafter make, we would say, we have commenced our business in Pittsburgh, and knowing the merits of the articles we offer to the public, we are willing to hold ourselves accountable at all times for our statements, and are willing to put to the test our Lamps and Oils, cents,—testing economy—and the public decided on the neatness and brilliancy of the light.

We have many testimonials from residents of Philadelphia and elsewhere, but the following may suffice for the present:

This is to certify that I have purchased of M. B. Dyott a sufficient number of his Patent Pine Oil Lamps to light the Universalist Church of Philadelphia, and have used them in said Church about two years. I have found them to give perfect satisfaction. The light produced by them is the most brilliant that I have ever seen. They are so economical that the cost of the Lamps has been saved several times over; the lighting up of the Church not costing half as much as it did before we procure them.

Respectfully, JOHN DESSALET,
Secretary of the above named Church
Philadelphia, July 3, 1845.

The undersigned having used for two years Dyott's Patent Pine Oil Lamps in his Hotel, the Bolivar House, can recommend them as the most economical and brilliant light that can be produced by any article now in use. Before I commenced lighting my house with the Pine Oil, I was using the Gas; but after a trial of the above Lamps, I was so much pleased with the light, and convinced of their economy, that I had the Gas removed and burn the Pine Oil in its place. WM. CARLES,

Proprietor of Bolivar House,
No 203 Chesnut st.
Philadelphia, July 8, 1845.

ALLEGHENY CITY, July 12, 1845.

This may certify that we, the undersigned, having used for some months, Dyott's Patent Pine Oil Lamps, can with the fullest confidence recommend them, as producing the most brilliant and economical light we have ever seen. They are simple in their structure, and easily taken care of, and we believe them as safe to light as can be produced from any other Lamp, and much cheaper than any other kind of Oil.

Prospectus of the New Library of Law and Equity,

UNDER the direction of FRANCIS J. TROUBAT, Esq. of Philadelphia, Hon ELLIS LEWIS, of Lancaster, and WILSON M'CANDLESS, Esq. of Pittsburgh.

This work contains the best productions of English law authors, without regard to priority of claim on the part of any American publisher. Such books are now notoriously too dear. The reason is, that as fast as they appear they become monopolies in the hands of booksellers in the Atlantic cities. Under the plea of right acquired by the addition of notes of American decisions, the latter claim an undivided title to those works, and set a burthensome price on them.—The publishers of the work now offered to the profession throughout the Union, will not respect such titles, but will re-print the standard British law books as fast as they emanate from the London market. Should new editions of the works of such writers as Starkie, the Chitys, Stephen and Archbold appear, they shall also be included; and Digests of Equity and Law decisions—works which have been studiously kept out of the Law Library published at Philadelphia—shall have a place in the proposed new one, together with every new valuable English treatise on Chancery or Common Law.

☞ This work will be issued monthly in numbers of 160 pages, printed on fine white paper and good new long primer type, at seven dollars per annum, payable half yearly. ISAACG M'KINLEY,
J. M G. LESCURE,

WILL make insurance against Loss or Damage by Fire, in Pittsburgh and vicinity, on Houses, Stores and other buildings, and on Furniture, Goods, Wares and Merchandize, limited or perpetual, in town or country, on the most favorable terms.

The Mutual Principle, combined with a Stock Capital, and the other provisions of the Charter of this Company, hold out unusual inducements, both of profit and safety, to those desirous of effecting insurance, to which the Company ask the attention and examination of those interested.

The Capital Stock of the Company is invested in good and sufficient securities. After providing for the losses accruing to the Company, in the course of its business, the stockholders are entitled to receive out of its income and profits an interest not exceeding six per cent. per annum on the Capital Stock actually paid in—the amount of which interest, it is expected, will be supplied by funds invested—and thereafter, all the remaining profits are to accumulate and be held, in like manner with the Capital Stock, for the better security of the assured. But certificates bearing interest, payable annually, transferable on the books of the Company, and convertible at any time into Capital Stock, will be issued therefor to the Stockholders and insured members, in proportion to the amount of Stock held, or premium paid by them respectively, agreeably to the provisions of the Charter.

Those effecting insurance with this company have, besides the usual protection against loss, by the ordinary method of insurance, the additional advantage of a direct participation in the profits of the Company, without any liability.

B. M. HINCHMAN, Secretary.

The subscriber, who is the duly authorised Agent for the above named Company, is prepared to make insurance, at the Office, No. 97, West side of Wood street, 2d door above Diamond alley, and will give all further information desired.
