PITTSBURGH, PA.

THURSDAY MORNING, OCTOBER 2 1845.

PITTSBURGH BOARD OF TRADE.

COMMITTEE FOR OCTOBER.

George Ogden, W. Barker W. J. Howard.

CORRESPONDENTS.

In reference to communications which may appear in this paper, we have one or two remarks to make.—We will insert none without the name of the author being first made known to us, and when inserted, must always be taken as expressive of the views *of the writer*, and not the editor of this paper, unless the views so expressed are editorially remarked upon and approved.

THE FRENCH SPY, one of Mrs. Lewis' very best pieces, to night, with La Tour de Neale. Recollect, the French Spy wears *small clothes*.

☞ Another magnificent warehouse in Wood street (56.) is finished, and for rent. Mr. James P. Stewart is the owner.

CONNER'S Benefit last night was greeted with a magnificent house—even larger than that of Monday night, and more fashionable. He never performed Richelieu better, and his Claude Melnotte was very good, notwithstanding he labored under a severe cold. He leaves to-day for St Louis.

THE PITTSBURGH STRIKE.—The female operatives of Pittsburgh could not succeed in obtaining their desire, and gave in, and the masters, in petty spite, have increased the hours of labor.

We find the substance of the above in several eastern papers. It is incorrect. The girls are standing out, and the employers will not attempt to increase the hours of labor, but stand on the old system.

RAIL ROAD MEETING.

A meeting of the citizens of Allegheny county will be held at the old Court House, on Friday evening next, at 7 o'clock, to appoint delegates to the Rail Road Convention, to be held at Jefferson, Greene county, on the 7th day of October.

# BY LAST NIGHT'S MAIL.

HEAVY ROBBERY.—On Friday last, on the steamboat Massachusetts, from Stonington to New York, Mr. Reuben Rowley, of Wrentham, Mass., was robbed of $27,800, contained in his pocket book and valise. While on the passage Mr. R. was accosted by a person calling his name Southwick, or Southgate, who, after some conversation gave him a peach.—Soon after eating it, he was seized with dizziness, cramp, vomiting, &c., and afterwards slept easily.—On waking the money was gone.

The money consisted of ten $500 notes, four on the Suffolk Bank, Mass.; four on the Merchants' Bank, Mass.; and two on the Shawmut Bank, Mass $6,000 on the Wrentham Bank, in 100's and 50's; $1,000 in New York City and State money, in 10's and 5's. The money was contained in five packages, of $5 000 each, and one of $2,830.

The supposed thief is a slim, well made man about 5 feet 8½ inches high, dark hair and eyes, short black whiskers, genteely dressed in a black dress coat, satin vest, dark drab pants—check or plaid. He is about 30 years of age, speaks quick, and glib in his conversation.

Mr. Rowley offers a reward of $5,000 for the arrest of the rouge and recovery of the money.

☞ The editor of the Red River Republican says, that a gentleman who travelled to Memphis with Ashbel Smith when he descended the river, was informed by that gentleman, that he had seen a document which was intended to be addressed by Capt Elliott, on the part of the British Government to the government of Mexico, protesting against a declaration of war by the latter. There may be some truth in this, yet we doubt it. Capt Elliott should have left that duty to be performed by Mr Bankhead, British Minister to Mexico.

From the St. Louis People's Organ of Sept. 25.

FROM THE SEAT OF WAR.

We received by yesterday's mail two proclamations of Gov. Ford of Illinois, one dated the 20th and the other the 21st inst., at Springfield. The Governor calls on the militia of Menard, Cass, Scott, Pike, Morgan and Greene, to come to his aid in suppressing the Hancock disturbances. In his second call he says:

"The news received to day makes it more than ever necessary to call out the militia. It appears that a battle has been fought, and 18 Anti-Mormons and 8 Mormons have been killed, and a number of Anti-Mormons taken prisoners. The Anti-Mormons have fled from the county, and are raising large forces in the surrounding counties with a view to the renewal of war."

The troops, to the number of 400, are required to meet at Beardstown on the 23d (Tuesday) inst., and there place themselves under the command of Gen. Hardin—each man to bring a gun, horse and blanket, and to look for ammunition, provisions and tents from the state authorities.

A correspondent of the Evening Gazette, under date of the same inst., at Springfield, says that a party of Antis recently waited on the Governor, admitting aid to expel the Mormons from Hancock county. This, of course, the Governor refused, whereupon the Antis plainly told his Excellency that if he would not aid them they would be compelled to do it themselves. This greatly incensed Gov. Ford who told the deputation that if they dared violate the law by further riotous proceedings he'd order them out on the public square and have them shot! This correspondent doubts much whether the proclamation of the Governor will have the effect to raise the force desired.

FROM MEXICO

*The Gulf Squadron.*—The Mobile Tribune of the 23d ult, contains a letter from Pensacola, under date of September 20, from which we extract the following:

"The United States steam frigate Princeton, came to anchor off the Navy Yard about eight o'clock this morning, four and a half days from Vera Cruz.—The Princeton brought no news indicative of war, further than what we have on offices heard—"they were making preparations." It appears that the city of Mexico was in great commotion, growing out of a report which had reached that place, of Commodore Conner having taken Vera Cruz and Gen Taylor's marching into Mexico without additional number of 1,500 Texan volunteers. This fabrication were no doubt propagated to force a speedy and pacific adjustment of the difficulties between the two governments, and I am fully persuaded now, that this much talked of war will all end in smoke. The Princeton left the sloop Saratoga at Vera Cruz, where she will remain until relieved by some other vessel. The course now adopted by Commodore Conner in arming his squadron so that his Government may be almost daily advised of the news from Mexico, cannot fail to receive the approbation not only of the Navy Department, but his countrymen generally."
