J. W. RHODES & CO.,

TAKE this method to inform the gentlemen of Pittsburgh and vicinity that they have taken the above store, and will be supplied from their own extensive manufactory in the city of Boston, with the best and most fashionable quality.

It is perhaps well known to all classes, that purchasers of all kinds of goods in this section of the country have been compelled to pay both the profit of the manufacturer and retailer, as goods can be manufactured at the East at about half the price they can here. Hence it is that retailers in the Western country resort to the Eastern markets to make their selections, paying the manufacturer a profit of at least from 15 to 20 per cent. The retailers must add as much or more profit to this, so that the buyer at least must pay both the profit of the retailer and manufacturer. Thus by manufacturing our own garments, we can easily dispense with the profit of manufacturing and save the purchaser at least 20 per cent.

An arrangement has been made by which we shall receive fresh and newly made garments, from goods of last importations, *every week* during the busy season. By these

WEEKLY ARRIVALS,

purchasers can have the satisfaction of buying the most fashionable goods, cut and made in the most substantial manner.

DISEASE OF THE LIVER.

DEAR SIR:—Agreeable to your desire, I write to keep you apprized of the prospects of the Clickener Sugar Coated Purgative Pill, in this city. You may recollect, when I first commenced selling your medicine, which was in May, 1844, we little dreamed of the success that would crown the undertaking. Our premises had been so completely flooded by the one thousand and one unsaleable remedy for every possible complaint under the sun, that I seriously contemplated having nothing more to do with any thing of the kind. However, at the most urgent solicitation, we consented to make a trial of yours. At first we found considerable difficulty in attracting public attention towards them. People had been so often deceived by the vile compounds which have flooded the country for the last 15 years or more, that they determined, if possible, never to be "taken in" again; and the consequence was, they could hardly be persuaded to accept of the Pills, as the saying is, for "love nor money." Thus matters proceeded for a week or two, when, as good luck would have it, "Mrs. N——," a lady of
