6 224 Liberty st. Phonix Safes and Vaults. HE undersigned invite attention to the follows ing certificate:

CERTIFICATE. e undersigned having been requested by Messrs, able & Strickler, to be present and superintend table & Strickler, to be present and supermised, t, by fire, of one of their recently invented Place-fire Proof safes, and deeming the subject one of great public importance, have carefully scrutinized regress of a test, to which one of said chests was etced. The chest was supported at each corner, a elevation of 10 to 12 inches from the ground was a proper part and the way made over and of Bituminous coal and fire was made over and and and kept actively burning 5½ consecutives. The fuel consumed was about 80 bushels of and one cord of wood; the heat all the while be-nite intense, and in the opinion of the undersign-nich greater than a safe is likely to sustain in any nuch greater than a safe is likely to sustain in any nary house burning. In the removal of the fire, at their request the chest opened, and greatly to the astonishment of the ersigned and the large number of citzens present, lank Book with Sundry Bonk notes within its a piece of Dry pine Wood and the inner lining he safe, which is of Wood, were found warm indense to the test. The undersigned are unanimous in the viction that a five proof cheat is practicable; and the ingenious and enterprising manufacturers. efforts for some months past in producing this
