DISEASE OF THE LIVER. DEAR SIR:-Agreeable to your desire, I write to keep you apprized of the prospects of the Clickener Sugar Coated Pargative Pill, in this city. You may recoalect, when I first commenced selling your medi-cine, which was in May, 19-4, we little dreamed of the success that would crown the undertaking. Our premises had been so completely flooded by the one premises had been so completely flooded by the one thousand and one unsaleable remedy for every possible complaint under the sun, that I seriously contemplated having nothing mere to do with any thing of the kind. However, at the most urgent solicitation, we consented to make a trial of yours. At first we found considerable difficulty in attracting public attention towards them. Permit had been so often deceived by ards them. People had been so often deceived by the vile compounds which have flooded the country for the last 15 years or more, that they determined, if possible, neverto be "taken in" again; and the conse quence was, they could hardly be persuaded to accept of the Pills, as the saying is, for "love nor money." sting character, was persuaded to accept of a box, on condition that nothing was to be paid for it, if they did not afford her the necessary relief. I must confess, we conselves had very little faith in the motter, knowing as we did, that her complaint was one of long standing, and had been unsuccessfully treated by the most eminent l'hysicians of this and several neighbo ing towns. But we had determined to give the medicine a fair trial, and if it proved to be worthless, it would be a source of satisfaction to know it, both to you and to us. No less to our joy than surprise, how ever, only a few days had elapsed, when the lady again ever, only a lew days had eldperd, when the lady again presented herself at our counter and enquired for another box. "I really think, Mr. Williams," says she, that your l'ills are beginning to work a great change in my health, and altogether for the better. When I took the second dose, I began to feel much betterthan I did at first; the pain in my side was considerably r lieved; my appetite began to improve; and the blood seemed to circulate through my veins as it did in my youthful days. Since then, I have taken the remainder of the Pills, and my improvement has been sensibly. progressing at every repetition of the dose. I have no doubt that a few more boxes will effectually cure me." The result was as she predicted. Her health is completely restored. The flush of youth and beauty has returned to her cheeks, and the r long and a happy life is before her. I am sutisfied she will never forget the Clickener Sugar-Conted Pills. As might naturally be supposed, the news of this ex-tenordinary cure was rapidly disseminated through the city and adjacent country; and scarcely a week had elapsed, before enquiries began to be made for Click ener's Sugar-Coated Purgative Pills; and the demand has already increased to such an extent that we find the greatest difficulty in supplying it. A third has succeeded in expelling from his system the symptoms of Jaurdica. And a fourth has just recovered from an attack of Pal-And a tourin may just recovered from an affact of trai-monary Consumption, which had confined him to his bed for many months.—So we go. But do not full to keep us supplied. Besides our Retail Trade, we have standing orders from the country to a large amount. Send 30 Gross at your earliest convenience. Yours, &c. R. H. WILLIAMS.
