[From the Agent at Quebec, L. C.]
DISEASE OF THE LIVER.

DEAR SIR:-Agreeable to your desire, I write to bear Sir:—Agreeable to your desire, I write to keep you apprized of the prospects of the Clickener Sugar Conted Purgative Pill, in this city. You may recollect, which was in May, 18-4, we little dreamed of the success that would crown the undertaking. Our premises had been so completely thould by the one thousand and one unsaleable remedy for every possithousand and one unsaleable remedy for every possible complaint under the sun, that I seriously contem plated having nothing more to do with any thing of the kind. However, at the most urgent solicitation, we consented to make a trial of yours. At first we found consumen to make a trial of yours. At first we found considerable difficulty in attracting public attention towards them. People had been so often deceived by the vile compounds which have flooded the country for the last 15 years or more, that they determined, if our city, who had long suffered from an affection of the Liver, accompanied by indigestion of the most ob-stinate character, was persuaded to accept of a box, on condition that nothing was to be paid for it, if they did not afford her the necessary relief. I must confess, we ourselves had very little faith in the matter, know-ing as we did, that her complaint was one of long standing, and had been unsuccessfulle treated by the anding, and had been unsuccessfully treated by the most eminent Physicians of this and several neighbor-ing towns. But we had determined to give the medicine a fair trial, and if it proved to be worthless, it would be a source of satisfaction to know it, both to you and to us. No less to our joy than surprise, how ever, only a few days had elapsed, when the lady again presented herself at our counter and enquired for another box. "I really think, Mr. Williams," says she, that your Pills are beginning to work a great change in my health, and altogether for the better. When I ook the second dose, I began to feel much better than I did at first; the pain in my side was considerably re lieved; my appetite began to improve; and the blood seemed to circulate through my veins as it did in my outhful days. Since then, I have taken the remainde of the Pills, and my improvement has been sensibly progressing at every repetition of the dose. I have no doubt that a few more boxes, will effectually cure me." The result was as she predicted. Her health is completely restored. The flush of youth and beauhas returned to her cheeks, and the prospect of ly has returned to ner cheeks, and the prospect of a long and a happy life is before her. I am satisfied she will never forget the Clickener Sugar-Coated Pills.
