ly omitted in transcribing the resolutions:

Union in speaking of the address of Mr. Calhoun, on taking the chair as President of the Convention sayes:

The most important point of his address, and that in which the West had the largest interest and upon in which the West had the largest interest and upon in which the West had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the west had the largest interest and upon in which the shore by large hawsers. Should these part, it westers to committee to report proceedings for the above meet ing, we opposed and roted against the preamble, ing, we opposed in this Convention, was as to the Constitutional powers of the General Government, over the subject of Internal Improvements generally and of the Western Internal Improvements generally and of the Western Waters' especially. On this point Mr. Calhoun was will be avoid the frontier it is thought upon them, as sational indeed in their establishment of the digestive organs, it is evident. And wind and some internal control of the digestive organs, it is evident that the remove those of such a natural state.

Internal Improvements generally and of the Western Waters' especially. On this point Mr. Calhoun was will be avoid the beautiful stammer Richmond.

Waters' especially. On this point Mr. Calhoun was will be a total upon them, as sational indeed in their establishment.

On derangement of the digestive organs, it is evident. Will be able and paper Dealers, on the child and wood and wood as a corner of 3d and Wood and W ingress tributaries, and the improvements demanded upon them, as national, indeed, in their relation to hation, as great Inland Seas, which were as perfectly and justly the subjects of Governments supervision, improvement, and appropriation, as the Chese peake, Deleware and New York Bays, or any other of the great Harbors on the Atlantic Coast." The deaf, ening applicate with which this explicit and foreible declaration was received by the auditory was evidence.

The boat, we learn, was insured in this city, but to most coachisive of the correctness of the position; as antertained by the popular mind in the West, To make this declaration more forcible, he had previously stated that he; Mr. C. was a strict Constructionist.

The boat was national, indeed, in their relation to portion of his thetrical company, and we regret to say that the bast and correctness described in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt in the first class, and was finished in June Inst.—Capt Inst. Voral Symp.—We have used this medicine in our family, and in our opinion it is one of the best preparations for coughs, colds. &c, which has ever been off-red to the public. At this season of the year we would recommend every family to keep a bottle of it in their houses ready for use, as occasion may require. We give this as a matter of advice from our actual experience of the good qualities of the medicine, and do not wish our readers to consider what we say simply in the light of recommendation made without any particular knowledge of the acticle of which we speak.—Pittaburgh Chronicle.
