A CURE FOR CONSUMPTION.
SEVEN THOUSAND CASES
Of obstinate Pulmonary Complaints cured in ONE YEAR.

WISTAR'S BALSAM OF WILD CHERRY, the great American Remedy for complaints and affections of the Respiratory Organs.

We do not wish to traffic with the lives or health of the afflicted, and we sincerely pledge ourselves to make no assertions as to the virtues of this medicine, and to hold out no hopes to suffering humanity which facts will not warrant.

We ask the attention of the candid to the following considerations.

Nature in every part of her domain, has left indelible marks of adaptation and design.

The constitution of the animals and vegetables of the torrid, is such that they could not endure the cold of the frigid zone, and vice versa.

In regard to disease and its cure, the adaptation is more or less striking.

The Moss of Iceland, the Wild Cherry and Pines of all Northern latitudes, (and Dr. Wistar's Balsam is a compound and chemical extract from these,) have long been celebrated for complaints prevalent only in cold climates. Indeed the most distinguished medical men have averred that nature furnishes in every country medicines for its peculiar diseases.

Consumption in its confirmed and incipient stages, Coughs, Asthma, Croup, and Liver complaint, formed by far the most fatal class of diseases known to our land. Yet even these may be cured, by means of the simple yet powerful remedies, named above, and which are scattered, by a beneficient Providence, where ever those maladies prevail.

WISTAR'S BALSAM OF WILD CHERRY!
Will cure when never cured! More evidence of its surprising health Restorative Virtues!!

From D. Baker, Springfield, Washington co., Ky.
SPRINGFIELD, K., May 11, 1845.

Messrs. Fussell & Parke—Gentlemen:—I have purchased of you a number of bottles of Wistar's Balsam of Wild Cherry, and have sold the most of it. I have used it in my family in the case of Dr. Wistar's Balsam of Wild Cherry.

In the winter of 1843 I received a cough and rheumatism which I neglected to attend to, and in the fall of 1844 I was attacked with a severe cold, which seated itself upon my lungs; and for the space of three years I was confined to my bed. I tried all the skill of medicine, and all the remedies that I could hear of, but found no relief. I commenced using your valuable medicine, Wistar's Balsam of Wild Cherry.

My friends insisted on me to give it a trial, though I had given up all hopes of recovery, and had prepared myself to die. I got one bottle, and I found relief. I continued to use it, and in the space of three months I was restored to perfect health. I have since been in the habit of using Wistar's Balsam of Wild Cherry, and have found it a safe and sure remedy for coughs, colds, and all diseases of the lungs.

I am now enjoying good health, and can say that I owe it entirely to the use of Dr. Wistar's Balsam of Wild Cherry.

I have gained exactly in weight, and my flesh is firm and sound. I can now eat as heartily as any person. I am now 54 years of age, and have been afflicted for 8 years before.

Considering my case a most remarkable, I deem it necessary for the good of the afflicted, and a duty I owe to my fellow men and my fellow mortals, to which I have given my name and place of residence, that they may call on me and be fully satisfied of the truth of the statements.

May the blessings of God rest upon the discoveries of the wise, is the sincere wish of Wistar Baker, of Washington county, Ky.

☞ The following letter from Dr. Rodney, of Hanover, Ind., is one of many which he has published, and is certainly one of the most satisfactory on the subject of Wistar's Balsam of Wild Cherry.

HANOVER, Ind., April 14, 1845.

Messrs. Sandford & Park—Gentlemen:—I have had considerable experience in the use of your Wistar's Balsam of Wild Cherry, and have found it a most valuable remedy in pulmonary complaints. I consider it the best remedy for the relief of consumptive patients in the last stages of the disease, and in the first stages of the disease, when it is confirmed, it is the most powerful remedy that I have ever used. I think it will be but a short time, before it will be considered in many cases as a specific. I have used it in my own family, and have found it beneficial. ☞ I commenced the practice of medicine in the year 1818, and have been in the practice of physic and surgery ever since, with little intermission, and during that time have used almost all the remedies that have ever been introduced. I have introduced its use to a great many, in this section of country. Yours very respectfully, JAMES RITCHEY.

COUNTERFEITS.

☞ *Those who Counterfeit* a good medicine for the purpose of adding a few dollars to their pockets, pay the worst kind of a compliment to the genuine article, for it is a confession that it is worth counterfeiting. In the case of the above named valuable medicine, which is now so extensively counterfeited, it is a confession that it is the most valuable medicine ever before recorded in the history of medicine.

The young, and beautiful, the good, all speak forth its praise. It is now the favorite medicine in the most intelligent families of our country.

So great has been the success which it has been discovered by counterfeiters, that it has induced many to use an article called or known as "Wistar's Balsam of Wild Cherry," and various other counterfeits, and even some articles preferred to them as a substitute, as being of equal—positive cures—there is the benefit of a departing friend.

☞ The true and genuine "Wistar's Balsam of Wild Cherry" is sold at established agencies in all parts of the United States.

Sold in Cincinnati, on the corner of Fourth and Walnut street, by SANDFORD & PARK.
Genl Agents for the Western States.

Also, sold wholesale and retail, by L. Wilcox and B. A. Fahnestock, Pittsburgh, Pa. and by appointed agents in every important Borough in Western Penn sylvania. oct 14-1y.

Totten, who will continue the business under the name of Knap & Totten, and will settle all claims against the said firm, and receive all debts and demands owing to the same.
Pittsburgh, Aug. 18, 1845-aug29

Phœnix Safes and Vaults.
THE undersigned invite attention to the following certificate:

CERTIFICATE.

The undersigned having been requested by Messrs. Constable & Strickler, to be present and superintend a test, by fire, of one of their recently invented Phœnix Fire Proof safes, and deeming the subject one of very great public importance, have carefully scrutinized the progress of a test, to which one of said chests was subjected. The chest was supported at each corner, at an elevation of 10 to 12 inches from the ground on a fire of Bituminous coal and fire was made over and around and kept actively burning 54 consecutive hours. The fuel consumed was about 60 bushels of coal, and one cord of wood; the heat all the while being quite intense, and in the opinion of the undersigned much greater than a safe is likely to sustain in any ordinary house burning.

On the removal of the fire, at their request the chest was opened, and greatly to the astonishment of the undersigned and the large number of citizens present, a Blank Book with Sunday Book notes within it, (adding a piece of Dry pine Wood and its inner lining of the safe, which is of Wood,) were found warm indeed, but not in the slightest degree charred or injured, some manuscript on the Book as legible as before the test. The undersigned are a witness in the conviction that a fire proof chest is practicable; and that the ingenious and enterprising manufacturers, whose efforts for some months past in producing this desideratum have proved so entirely successful, deserve the public confidence and patronage.

JOHN ANDERSON,
L. R. LIVINGSTON
JOSIAH KING,
WARRICK MARTIN,
EDWARD HAZELTON,
JAMES PARK, Jr.

In the character of the above named gentlemen, the public have a guarantee against deception, in the test which was made of our Phœnix Safes, and we therefore feel the more confidence in recommending them as a reliable protection against fire, under any ordinary circumstances. We would assure those interested, that there is no wood about these Safes, but what is necessarily connected with the shelves and drawers.

We make Vault Doors in the same manner and upon the same plan. One of these can be seen at Reese C. Townsend & Co's. new building.

For the workmanship of our Vaults they can be seen at the following stores: Lyon, Shaub & Co., Church & Co's Corner, Wm. Lawrence, R. G. Holmes, J. D. Davis, P. M'Cormick and J. W. Martin.

☞ Manufactory on 2d street, between Wood and Smithfield. CONSTABLE & STRICKLER
Pittsburgh October 15, 1845-3m

Mails to Galveston.
PROPOSALS to carry the mails of the United States from the 1st of March, 1846, to the 28th of February, 1850, with right to the department to extend to the 30th of June, 1850, from *New Orleans, via Galveston, to Houston, in Texas*, 160 miles, will be received at the Contract Office of the Post Office Department, until the 25th day of January, 1846, to be decided by the 31st day of said January.

Leave New Orleans every Saturday at 10 a. m., arrive at Galveston every Tuesday at 10 a. m.

Leave Galveston every Tuesday at 10 a. m., arrive at New Orleans every Thursday at 10 a. m.

The proposals should specify the mode of conveyance, whether by steam boat or sailing packet, and if by the latter, size, and description of the vessel, with sufficient particulars to enable the decision to be made, on the advice of the proper officers of the naval service, whether the same is or is not generally suitable for the service. And special notice is hereby given, that, agreeably to the provisions of an act of Congress, approved March 3d, 1845, those proposals (being acceptable in other respects) who be preferred which shall engage to carry the mails in a steam ship or steam vessel, to be built or to be purchased, and owned by the United States, or to their proper officer, on demand made for the purpose of being converted into a vessel or vessels of war; the United States being to have the exclusive preference of the use of such steam ship or steam vessel, at a fair value thereof, to be ascertained by four disinterested persons, one to be appointed by the President of the United States, and two by the owner or owners, with an umpire in case of disagreement, to be appointed by the President of the United States.

The bidder will report a post office schedule of days and hours at which he can be expected. He may add if he pleases, a certain proportion of the passages according to the usual packet rate of sailing, and he may offer for a greater number of trips, and he may offer for a less number, more frequently than once a week.

The Postmaster General reserves the right to reject any bid he may think inadequate, by or before the 1st day of March next. The contract is to provide against unlawful delay, that the trip is to be forfeited when the trip is not performed, and a due proportion when a grade of service is rendered inferior to that specified in the contract, and that fines may be imposed, subject to the decision of the Postmaster General, for failing to depart or arrive at the time specified in the contract, and for not assisting at the time or place in mounting, unloading, or forwarding the mails, or of transmitting mail matter at the usual rate of speed. The Postmaster General may annul the contract for repeated failures, for violating the post office laws, for disobeying the instructions of the department, for refusing to discharge a carrier when required by the department, for transferring a contract without the consent of the Postmaster General, or for setting up or running an express as aforesaid.

The Postmaster General may alter the contract, and alter the schedule, by allowing a pro rata increase of compensation, within the restrictions imposed on contracts as aforesaid necessary, but the contractor may, in such case, relinquish the contract, on giving notice of his option to do so to the Postmaster General. Should any discontinue or curtail the service, he will pay one month's extra pay on the same as discovered will be the contract may at any time be continued by joint resolution of the two houses of Congress."

For a trip, or the service, the yearly pay, the bidder's name and residence, and the name of each member of the firm where a company offers, should be distinctly stated in the proposals.

The following is the form of the guarantee, which should be filled the first blank with the name of the guarantor; the second with that of the bidder; and the third and fourth with the beginning and terminating points of the route; and, after being dated, should be signed by the guarantor, who must be shown, by the written certificate of a postmaster, or other equally satisfactory testimonial, to be a man of property, and able to make good his guarantee. This guarantee, as certified, should accompany each bid:

"The undersigned ——, guarantees that ——, if his bid for carrying the mail from —— to —— be accepted by the Postmaster General, —— shall enter into an obligation prior to the 1st day of March next, with good and sufficient securities, to perform the service proposed.

"Dated ——."

The bid should be sent under seal to the First Assistant Postmaster General, and the words "Mail proposals—Galveston mail," written on the face of the letter, and should be despatched in time to be received by or before the 25th day of January next, which will be the last day for receiving proposals under this advertisement. C. JOHNSON,
Postmaster General.

POST OFFICE DEPARTMENT,
nov20 Washington, October 11, 1845-1aw12t.

P. S. If the bidder shall not consider himself able or prepared to commence service as early as the 1st of March next, he will specify in his proposals, the day on which he will put the service in operation.
C. J.
