I From the Agent at Quebec, L. C. ? DISEASE OF THE LIVER: DEAR SIR:-Agreeable to your desire, I while to keep you apprified of the prospects of the Clickener The May Flower for 1046—A choice Annual, edited by Robert Hamilton.

The Amulet for 10 in the considerabledifficulty in attracting public attention to wards them. People had been so often deceived by the vile compounds which have flooded the country for the last 15 years or more, that they determined, i the last 15 years or more, that they determined, if possible, never to be "taken hi" again; and the consequence was, they could hardly be persuaded to accept of the Pills, as the saying is, for "love nor money." Thus matters proceeded for a week or two, when, as "good luck would have it, "Mrs. No...., a lady of our city, who had long suffered from an affection of the Liver, accompanied by indigestion of the most obstinate character, was pursuaded longerth of whose or stinate character, was perstuded to accept of a box, o condition that nothing was to be paid for it, if they did not afford her the necessary relief. I must confess, we ourselves had very little faith in the matter, knowing as we did, that her complains was one of long standing, and had been unsuccessfully treated by the most eminent Physicians of this and several neighboring towns: But we had determined to give the medi-cine a fair trial, and if it proved to be worthless, it would be a source of satisfaction to know it, both to you and to us. No less to our joy than surprise, how ever, only a few days had elapsed, when the lady again presented herself at our counter and enquired for another box. "I really think, Mr. Williams," says abs, that your Pills are beginning to work a great chaige in my health, and altogether for the better. When I took the second dose. I began to feel much betterthan I did at first; the pain in my side was considerably relieved; my appetite began to improve; and the block seemed to circulate through my veins as it did in my youthful days. Since then, I have taken the remainder of the Pills, and my improvement has been sensibly progressing at every repetition of the doze. I have me." The result was as she predicted. Her health is completely restored. The flush of youth and beauty has returned to her cheeks, and the prospect of a long and a happy life is before her. I am satisfied the will never forget the Clickener Sugar-Coated Pills.
As might naturally be supposed, the news of this ex traordinary care was rapidly disseminated throughth city and adjacent country; and scarcely a week had elapsed, before enquiries began to be made for Click ener's Sugar-Coated Purgative Pills; and the demand has already increased to such an extent, that we find the greatest difficulty in supplying it. In fact, if it did not seem like exaggeration, I might almost say that we are literally besieged by women and children, labor-ing under every possible ailment which "human flesh is heir to." The halt, the lume, and the blind; the asthmatic, consumptive, and dyspeptic, are thronging our doors in pursuit of the never-failing Panacea. flowing in upon us from every quarter. One person informs us he has been relieved of a most obstinate Dyspepsia. Another has just recovered from a serious attack of Apoplexy. A third has succeeded in expelling from his system the symptoms of Jaundiee.

21 And a fourth has just recovered from an attack of Pulmonary Consumption, which had confined him to his bed for many months.—So we go. But do not full to keep as supplied. Besides our Retail Trade, we have standing orders from the country to a large umount. Send 30 Gross at your earliest convenience. Yours, &c. R. H. WILLIAMS. Quebec, L. C., April 14, 1815.
