CORRESPONDENTS.

In reference to communications which may appear in this paper, we have one or two remarks to make.—We will insert none without the name of the author being first made known to us, and when inserted, must always be taken as expressive of the views *of the writer*, and not the editor of this paper, unless the views so expressed are editorially remarked upon and approved.

POLICE.—Eight cases before the Mayor, on Sunday morning. Four nice young men were there, addicted to late hours, and were found by the watchmen while engaged in a regular row, in which state, demanded their careful attention; one gave bail of $200 for his appearance at Court; the other three, as they complained of sore heads and other aches, &c., were sent up to the Hill to have a little quietness and restore their health and spirits.

Three customers that were arrested for being drunk, were discharged on the promise of reformation; one paid his fine.

On Monday morning three were committed for drunkenness and disorderly conduct. Two young men, charged with disorderly conduct, paid their fine rather than march up to the Hill.

Jayces' Expectorant.—This medicine has already proved itself to be all that it has been recommended, by those who have given it a fair test in this country, and the demand for it increases daily. We have just heard of an important cure of Asthma, which has been effected by the use of it a neighboring town; the case was that of a female who had for a long time been under the care of a physician, but had received no relief, and her case was considered hopeless. As a last resort, she purchased a bottle of Dr. Jayne's Expectorant, which caused her expectorate freely, gradually eased her cough, and rapidly restored her to health. We have no hesitation in saying that this preparation of Dr. Jayne, for the cure of Coughs, Colds, Influenza, Asthma, Consumption, &c., is the most valuable medicine ever offered to the American public. There is no quackery about it; Dr. Jayne is one of the most skillful of practising physicians in Pennsylvania, and wherever his various preparations have been thoroughly tested he is looked upon as a great public benefactor.—*Somerset (Me) Journal.*

Dr. Wistar's Balsam of Wild Cherry.—This celebrated remedy is a compound balsamic preparation of the *Wild Cherry* and *Moss of Iceland*, combined by a new chemical progress with the *Extract of Pine*. So salutary have been its effects in all cases when administered for Coughs, Asthma, Consumption, or any disease of the lungs, that many of the most distinguished physicians have approved and recommended it, and openly acknowledge it to be the most valuable medicine ever discovered. It is truly a valuable medicine, and is effecting an immense amount of good in the relief of suffering humanity.

☞ See Advertisement.

Coughs and Colds—In all cases of coughs and colds, the sufferers will find a pleasant but powerful remedy in Clickener's Sugar Coated Vegetable Pill.—The fame of this medicine has already spread far and wide. Over five hundred thousand boxes of these pills were sold last year, having been used in all ascertained cases with perfect success. For liver complaint, affection of the lungs, palpitation of the heart, influenza, asthma, scarlet fever, fever and ague, dropsy, typhus fever, and other diseases. This pill is coated with fine white sugar, so that the medicinal ingredients are imperceptible to the taste. To children, they may be administered without difficulty. So well convinced is Dr Clickener of their efficacy in all specified cases, that he pledges himself to return the money when the promised effect is not produced.

Sold by Wm Jackson, corner of Wood and Liberty streets, who is general Agent for Dr Clickener's Pills in Pittsburgh and vicinity.

☞ Beware of an imitation article called "*Improved Sugar-Coated Pills*," purporting to be Patented as both the pills and pretended patent are forgeries got up by a miserable quack, in New York, who, for the last four or five years, has made his living by counterfeiting popular medicines. feb 17.
