The Daily Morning Post.

PITTSBURGH, PA.

WEDNESDAY MORNING, FEBRUARY 25.

CORRESPONDENTS.

In reference to communications which may appear in this paper, we have one or two remarks to make.—We will insert none without the name of the author being first made known to us, and when inserted, must always be taken as expressive of the views *of the writer*, and not the editor of this paper, unless the views so expressed are editorially remarked upon and approved.

MAYOR'S OFFICE, Feb. 24.

There were six cases before his honor yesterday morning; three committed to the Hill: two paid their fines; one case on trial of assault and battery on a young female by a once considered respectable son of a Judge. We hope justice will be served out to him in a manner that will be a lesson to him in the future.

CONGRESSIONAL.

WASHINGTON, Feb. 21.

The Senate was not in session to-day.

The House, after some general morning business proceeded to the consideration of the private calendar. Beyond the disposition of a few bills awaiting action on the Speaker's table, but little progress was made; for the committee of the whole got stumped on a bill for the relief of the heirs of Colonel Grayson, the debate on which consumed the day.

This presents a fair opportunity for a suggestion which may attract the attention of some members who feel an interest in behalf of these private claimants whose just demands upon the government meet with a delay in their adjudication tantamount almost to a denial of them. It is impossible, as the chairman of the Committee of Claims, Mr Daniel, truly remarked yesterday, for the committees of the House, with their utmost scrutiny, always to detect improper demands upon the public treasury in the shape of private claims. But every man acquainted with the history of the private calendar, knows that there are hundreds of cases so just and equitable, that any board of private citizens appointed to act upon them would not hesitate at once to award the full amount of the demand. A claim of a questionable character comes up, and the whole day, or probably two days, may be consumed in its discussion, thus throwing over to the next week, or probable the next month or the next session, all other less doubtful cases. Suppose that a rule should be adopted limiting each member in debate on private bills to ten or fifteen minutes. The proceeding would not be without strong precedent. In the convention to reform the State constitution of Pennsylvania, a rule of this kind was adopted; and so beneficial was its operation, that though, so great favorite in the first instance, its agency in expediting the business of that convention was at least universally admired. Nor is the rule without precedent in the House of Representatives. It finds sanction, for example, in the case of the tariff bill of 1842, when to each member desiring to offer an amendment, the space of fifteen minutes was allowed to explain its scope and object. The suggestion seems to be worthy of consideration; and if it should be the means of bringing the tardy justice of the government home to the fireside of one honest claimant, who now stretches forth his hands in vain for it, our purpose will be answered, and the only reward we covet secured.

The House, on the motion of Mr Yancey, in honor of the twenty-second day adjourned over to Tuesday.

STEAMER BILLOW SUNK.—The Louisville Journal of Friday says:

"The fine steamer Billow, commanded by Capt. John W Russell, from St Louis, bound to N Orleans, was sunk on Friday night last, at Devil's Back Bone. She was loaded deep, and lays in 9 feet water, with her larboard guard two feet under water and the other guard out. She may possibly be raised."

Burned to Death.—Mr Johnson, the Coroner of this county, was called to hold an inquest over the body of Ellen Langden, an Irish woman, who came to her death by mischance by fire, which caught to her clothes while she was in a state of intoxication." She was a widow and the mother of three small children.—*Madison Banner.*

Clickener's Sugar-coated Vegetable Purgative Pills.—Experience having long since decided, that every disease originates from impurities of the blood, or derangement of the digestive organs, it is evident that the remedy employed must be of such a nature as is best calculated to remove those obstructions, or restore the blood to its natural state. The Clickener, Sugar-coated Purgative Pills, being compounded purely on scientific principles, and based on an intimate acquaintance with the origin of disease, and the actual structure of the human system are the only remedy which can be positively relied on. Being composed of a variety of ingredients entirely different from, and independent of each other in their mode of operation; they never fail to reach the seat of disease, in whatever shape it may appear. Thus, if the liver be affected, one ingredient will operate on that particular organ and by cleansing it of that excess of bile, it is constantly discharging into the stomach, restore it to its natural state. Another will operate on the blood, and remove those impurities which have already entered into its circulation; while a third will effectually expel from the system whatever impurities may have been discharged into the stomach, through the instrumentality of the other ingredients.

Sold by Wm Jackson, corner of Wood and Liberty streets, who is general Agent for Dr Clickener's Pills in Pittsburgh and vicinity.

☞ Beware of an imitation article called "*Improved Sugar-Coated Pills*," purporting to be Patented as both the pills and pretended patent are forgeries, got up by a miserable quack, in New York, who, for the last four or five years, has made his living by counterfeiting popular medicines. feb 25.

Dr. Wistar's Balsam of Wild Cherry.—This celebrated remedy is a compound balsamic preparation of the *Wild Cherry* and *Moss of Iceland*, combined by a new chemical progress with the *Extract of Pine*. So salutary have been its effects in all cases when administered for Coughs, Asthma, Consumption, or any disease of the lungs, that many of the most distinguished physicians have approved and recommended it, and openly acknowledged it to be the most valuable medicine ever discovered. It is truly a valuable medicine, and in effecting an immense amount of good in the relief of suffering humanity.

Doctor Eod's Tonic and Anti-Dyspeptic Pills.

IT has at all times been an object of peculiar importance to the medical world to discover some medicine or combination of medicines, which would operate in such a manner as to cleanse the stomach and intestines of all irritating matter, and not debilitate them. For the want of such a medicine, physicians have rarely been able to cure a case of confirmed dyspepsia or indigestion, to cure which the whole materia medica has been tried; from the most powerful articles down to charcoal and wheat bran.

A temporary relief in such cases is sometimes procured by the use of common emetics and purgatives, but the debility of the stomach and bowels produced by these medicines, soon brings a return of the distressing symptoms, even aggravated, and often the remedy has been worse on the constitution than the disease.

These pills are offered to the public with the confidence, produced by long experience in practice, that they will operate gently as a purgative, and effectually cleanse the stomach and bowels, without producing sickness, nausea or debility. They can be used at all times, by persons of all ages, without regard to diet, drink, or exposure to wet or cold. They generally improve the appetite, and in one hour after they are taken, and are the best preventive of those diseases generally termed bilious.

A few boxes of these pills are usually sufficient to remove the most confirmed Dyspepsia with all its distressing symptoms, such as sickness and sourness of the stomach, loss of apetite, habitual costiveness, dholic, despondency of mind, and a host of nervous affections, with which every person laboring under the disease is more or less afflicted.

As complaints are sometimes made of disappointment in the operation of these pills, owing to the improper use or administration of them, as to time, quantity and age of the patient, we have published a pamphlet, to which is set forth more fully the proper manner of using the pills, toge her with some of the diseases in which they are most applicable.

☞ These pills will rarely operate as a purgative if more than one pill be taken at a dose.

Sellers' Imperial Cough Syrup.

Pittsburgh, February 6th, 1846.

MR RE SELLERS—Though I do not believe any further testimonials are necessary to establish the reputation of your justly famed Cough Syrup, I feel compelled, as an act of duty, to mention several cases which came under my immediate notice, in members of families whom I was in duty bound to relieve at any cost, complained of hard breathing, a severe cough and no expectoration, loss of appetite, with strong symptoms of Pulmonary Consumption; I mentioned your syrup and they begged I would procure some, which I did. I am happy to report that they are quite relieved, the syrup having produced the desired effect in *every instance*. You are well assured of its good effects upon myself. Hoping that this may reach the notice of persons suffering from coughs and colds. I remain your ob't serv't
