THE Citizens of Pittsburgh continue to be offered an opportunity to effect insurance upon their property, by a Domestic Institution, located among themselves, based upon Domestic Capital, and conducted by Directors, in whose prudence, integrity and good faith; hey can readily ascertain, whether they may repose that undo bted confidence and security, which should ever attend an insurance transaction To persons whose property has, already, been damaged, or destroyed, by Fire or Water, the advan tage of personally adjusting a loss with an institution suffered by the Great Fire, this particular corporation needs no recommendation. The prompt payment of the whole amount of its losses—REARLY TWO HERD-RED THOUSAND DULLARS-is to them a sufficient guarantee of future security.

It is the part of all prudent men, however fortunate,

to anticipate calamity for the purpose of avoiding its effects. To such as have hitherto escaped, as well as to those who have sustained loss, the facility of pro-tection and indemnity, offered by this institution, will be the strongest inducement to avoid the reflections and regrets which must be experienced by those who suffer without hope of restitution
