The Daily Morning Post.

PITTSBURGH, PA.

MONDAY MORNING, MARCH 16, 1846.

CORRESPONDENTS.

In reference to communications which may appear in this paper, we have one or two remarks to make.—We will insert none without the name of the author being first made known to us, and when inserted, must always be taken as expressive of the views *of the writer*, and not the editor of this paper, unless the views so expressed are editorially remarked upon and approved.

THE STEAMERS MESSENGER AND CIRCASSIAN.—These splendid Steamers left this port on Saturday. Hundreds of our citizens assembled on the wharf to witness the departure of these noble vessels. Both of them were finished and furnished in a style in every part, which, we think, cannot be excelled, and judging from the manner of their departure, we feel confident that in point of speed they will quite realize the expectations of the skilful and enterprising builders.

ST. PATRICK'S DAY.

☞ The undersigned having completed the refitting of the U S Hotel, will, at the request of numerous friends, serve up a Supper at 9 o'clock, P. M. in commemoration of the natal day of Ireland's Tutelar Saint, as well as of the opening of the Canal Navigation, (both occurring together,) to which all true friends of Ireland and Irishmen, as well at those of the Pennsylvania Improvements, are respectfully invited to attend. Dr. Wistar's Balsam of Wild Cherry.—This celebrated remedy is a compound balsamic preparation of the *Wild Cherry* and *Moss of Iceland*, combined by a new chemical progress with the *Extract of Pine*. So salutary have been its effects in all cases when administered for Coughs, Asthma, Consumption, or any disease of the lungs, that many of the most distinguished physicians have approved and recommended it, and openly acknowledged it to be the most valuable medicine ever discovered. It is truly a valuable medicine, and is effecting an immense amount of good in the relief of suffering humanity.

☞ See Advertisement.

To Mothers.—The difficulty which every mother experiences in administering medicine to infants, is entirely obviated by Dr. Clickener's preparation, called the Sugar Coated Vegetable Purgative Pills. The pill is epcoated with fine white sugar, so that it resembles and tastes like a sugar plum, which no child ever yet refused to swallow. For worms this is an assured remedy, and it has been used with excellent effect in teething. The matron of the Farm School writes to Dr. Clickener that she has used for some time, his Sugar Coated Pill in both these complaints, and always with entire success.

Sold by Wm Jackson, corner of Wood and Liberty streets, who is general Agent for Dr Clickener's Pills in Pittsburgh and vicinity.

☞ Beware of an imitation article called "*Improved Sugar-Coated Pills*," purporting to be Patented, as both the pills and pretended patent are forgeries, got up by a miserable quack, in New York, who, to the last four or five years, has made his living by counterfeiting popular medicines. mar 15

ARRIVAL OF THE PACKETSHIP

LIVERPOOL.

TWO DAYS LATER FROM EUROPE!

Sir Robert Peel's Free Trade Policy—Probable Dissolution of Parliament.

By the arrival of the Ship Liverpool, Capt Eldridge, at New York, yesterday, we have Liverpool papers to the 9th ult.

There is a great excitement in England, from apprehensions of war on the Oregon question.

In Cotton the demand has been good, and the previous prices have been fully sustained and in some instances an advance of 1 8d, was established.

Flour and grain markets at a stand.

The Journals are generally pacific, and express an earnest desire for peace with the United States.

The London Sunday Times of February 8, in commenting on the commercial policy of England says, that the free trade proposition of Sir Robert Peel to be submitted the next day will be highly interesting. The monopolists do not present the strong phalanx which they did but there is still a disposition to fight. It is supposed that Sir Robert Peel will have a majority of fifty.

The Sunday Times considers, with all the free trade warning with him he could not have that majority, but there will be a majority probably of 20.

The Albion of the 9th reports the loss of the American ship Susquehanna, Cumming, on Mud Wharf—crew saved.

A dissolution of Parliament will follow.

In the new house the majority in favor of repeal will be doubled. The Lords will not resist a second time, and it will pass.

The debates in the French Chambers were concern, ing the expedition of Madagascar.

Many of the *proxies* withdrawn from the Duke of Wellington on the first blush of the new ministerial arrangement, had been returned to him.

No doubt is entertained that four free-traders would in the event of a dissolution of Parliament, be returned from London. Of these it is thought Cobden would be one.

On the night of Saturday, 7th, the Bark Benj Coolidge, Collins Callao, and 13 of her crew were lost on Taylor's beach near the Formby light.

Debate upon Mr O'Connell's motion on the progress of famine and disease in Ireland, had been postponed until the 12th.

France.—The Paris papers of Thursday, of the 5th ult. are solely occupied with comments on the proceedings in the Chamber of Deputies on the preceding day.

Spain.—Madrid Journals of the 30 h ult. have been received. Most of them adverse to the speech of the Queen of England, praise the liberal measures to which it refers, and consider they will be of great importance to Spain. The father of Gen Narvaez, the Conde de Canada Alta died on the 25 h.

EACH PACKAGE BEARS THE LABEL AND WARRANTY OF

DAVID LANDRETH.

FOR sale by J. S. SNOWDEN, No. 29 Water st., at the seed Farm as supplied to Gen'l Bezay. Extract from the "Report" of the Visiting Committee of the Pennsylvania Horticultural Society. "The Committee have examined and ordered to be printed.

Landreth's Nurseries and Gardens.

"These extensive grounds * * * The earliest connection with America * * * The selection of grounds was made here. Some of those now in Pomerania or upon distinguished occasions, are to be found * * * They selection of ornamental trees and shrubs, plants is valuable and extensive. The *Nurseries* are all very correctly managed, supplying every part of the Union a detail of which would occupy too much of our space; we therefore content ourselves with stating that the stock is very large, and in every stage of growth, consisting of

FOREST AND ORNAMENTAL TREES, EVERGREENS, SHRUBS, VINES AND CREEPERS,

with a collection of herbaceous plants; FRUIT TREES of the best kind and most healthy condition; large beds of seeding apples, pears, plums, &c., as also stocks for budding and grafting; a plan very superior to that of working upon suckers, which carry with them into the graft all the diseases of the parent stock.

"GARDEN SEEDS of the finest quality have been scattered over the country from these grounds, and may always be depended upon. The Seed Establishment of these Horticulturists is one of the most extensive in the Union, and its reputation is well sustained from year to year.

"To obviate the chance of mixture of the farina of the plants of the same family, they have established another nursery, at a suitable distance, so that degeneration cannot take place, and which secures to the purchaser a "genuine article." Knowing thus the age, quality and process of culture of every plant, the supply from their grounds is recommended with great confidence."

* * Since the date of the "Report" from which the above is extracted, the entire establishment has been greatly enlarged. The collection now embraces all the finer kinds, and consists of some thousands of various sizes; so likewise of Roses, and other desirable plants, both tender and hardy; Fruit Trees, &c.

The Seed Gardens alone cover fifty acres, and the whole is, as it has been for more than half a century, under the successive management of father and son, the most prominent in America.
